MEDICAL CODING

CERTIFICATE PROGRAM

WITH CPC-A NATIONAL CERTIFICATION

What is Medical Coding?

Medical coding is a vital part of the changing healthcare landscape; Employment of medical records specialists is projected to grow 9 percent from 2023 to 2033, much faster than the average for all occupations.¹

In addition to collecting and classifying information from patient health records, medical coders use their skills to enhance physician reimbursement. The changes in the guidelines for Medicare and other insurances, widespread use of Electronic Health Records (EHR), and the growing population of older adults will require Medical Coding specialists in all areas of the healthcare industry. Doctor's offices, urgent care centers, hospitals, chiropractors, dentists, specialists, and insurance providers are examples of employment opportunities for Medical Coders.

Certified Medical Coders stand out in the job-seeking process and are valued for the competence that achieving certification demonstrates to prospective employers.

MEDICAL CODING - WHAT YOU WILL LEARN:

- Master **Medical Terminology**, the language of healthcare, and relate the **Anatomy and Physiology** of the human body to **medical records**.
- Build a foundation to **describe disorders, diseases, drugs, examination, diagnostic and treatment procedures** to translate patient health information into medical codes.
- Utilize the **CPT, ICD-10 and HCPCS Level II** in **physician-based coding**, which is used in most healthcare environments—medical offices, walk-in clinics, telehealth groups, and labs.
- Apply **coding guidelines** and conventions when assigning **diagnostic and procedural codes**.
- Perform practical application of coding **operative reports** and **Evaluation and Management (E/M) Services**.

COURSE DESCRIPTIONS

•**Medical Coding Course-** This program will be held once a week for 20 weeks. Upon completion of the program, you will sit for your CPC national certification which is included in tuition. Your title will be a CPC-A, for the first year; CPC-A means you will be considered a certified coder with an Apprentice designation for one year. Once you have worked for a year, you will have your Apprentice title removed and be an official CPC! This program consists of Medical Terminology/Anatomy for ICD-10 and Medical Coding curriculum. \$3,950.

•**Practicode Course-**This course is a 6-to-10-week online practicum taken before or after earning your CPC-A, allowing you to get real-world experience coding actual medical charts. This course helps to improve coding skills across multiple specialties. It is comprised of 3 modules of 200 actual, redacted medical records per module. Upon completion of this program, you will have your Apprentice designation removed immediately- providing you with the equivalent of 2 years' experience in the field in under 30 weeks. \$1,200.

•**Medical Administrative Professional Program-** This 36-week program combines the Medical Coding Program (CPC-A) and the Medical Administrative Assistant Program (CMAA) with Medical Billing Certificate. This 36–52-week program includes all required textbooks, reference books and national certification exam fees for both programs. Please see the Medical Administrative information package for more details. At the end of these programs, you will have 2 national certifications: CPC-A, CMAA. \$6,750.

ENTRANCE REQUIREMENTS

All applicants must be 18 years of age. A high school diploma or GED equivalent is also required by program completion. Basic computer skills required.

ATTENDANCE POLICY

The attendance policy set forth by the Academy of Medical Professions is strictly enforced.

Students attending Live Classes are expected to attend 100% of all scheduled meetings; missing a scheduled meeting will require the student to watch the recorded version of the meeting prior to attending the next lecture.

Self-Paced students are expected to watch recorded lectures and communicate weekly with the Academy or their assigned instructor. Students whose attendance drops below 70% (not withstanding mitigating circumstances), may be dis-enrolled from the program.

STANDARDS OF PROGRESS

Students whose academic average drops below 70% will be placed on academic probation. We will work with the student to develop an action plan for success, to include specific goals and target dates. If the student is unsuccessful in meeting the goals and target dates of the action plan or success, the student will be subject to academic dismissal with no refund.

REFUND POLICY

1. You may terminate the Enrollment Agreement or training at any time. If you do so, you must inform the school, not the instructor, in writing. Termination will become effective upon receipt of the written notice. The refund will be based on notification week corresponding with your course assignments or week associated with start date of the program.

2. If you terminate before you commence training, you will receive a refund of the money paid to the school, minus \$500 for the course books, unless they are returned unused, unopened. The \$300.00 application fee is nonrefundable. If no unused books are returned, the total subtracted from the refund will be \$800.00.

3. If you terminate within the first 3 weeks, you will receive a prorated refund equal to the unused portion of monies received from your last day of attendance, or week corresponding with your course assignments, less the application fee of \$300.00 and the book fee of \$500.00. If you terminate any time after week 3, there will be no refund. If you are on a payment plan, the balance will be effective as of drop date, 30 days to pay in full or sent to collections.
