**LIABILITY:**

We are not responsible for any injury or accidents.

**SALE CATALOG DESIGN:**

Jocelyn Washam, Rural Route Creations

**WEB MASTER:**

Joan Thorne, TLC Website Designs

**WELCOME TO OUR 2025 AKAUSHI PRODUCTION SALE**

We believe the Akaushi breed is getting ready to explode in popularity. Every time someone tastes the meat they want more. The industry, from major processors to mom-and-pop direct marketing programs, are expanding their use of Akaushi daily. I predict that in 2026, as demand grows, that premiums for feeder cattle will appear once again. It's already happening with fat cattle.

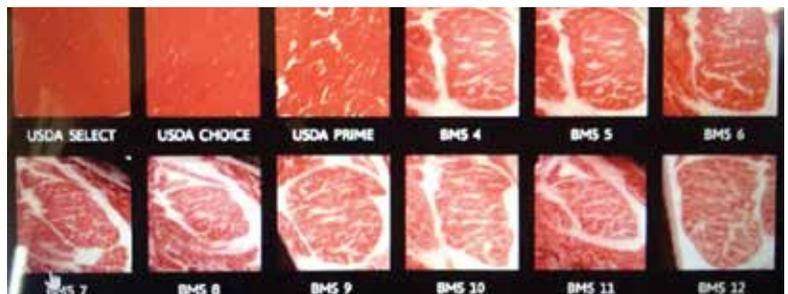

For this year's sale, we are trying something new for us. We are selling more females, plus have guest consignors. The female offering will have several percentage, what I call entry level, up to and including some high-powered donor kind. Something for everyone is our approach.

We have lots of really good bulls, both fullblood and percentage ready for spring breeding. These bulls represent both growth and quality.

If there is anything we can do to help with your next investment in making your cows and banker happy, let us know. Hope to see you on the 26th!

*Larry & Peggy*

**Rob Schacher:** Ringman, Forth Worth, TX

**Scott Manley:** Ringman, Springfield, MO

**BRING YOUR TANK - 10 STRAW MINIMUM**

**SALE DAY \$50 / STRAW**

Regular Price \$300

**ACE AGF TANK 916 ET**

Many say he is one of the best looking Akaushi they have ever seen. The results are in - TANK is now a proven herd sire!

Nick Patterson (Tennessee) comments, "Tank calves are easy to spot in the field...great phenotype and flashy. His females have checked all the boxes for us so far in our program as well....they get bred, they raise good calves and they stay in the herd!"

Look through the catalog, you will like the tank offspring.

Tank sired the Grand Champion Carcass at the 2024 Missouri State Fair.

Regular Price \$100

**SALE DAY \$35 / STRAW**

**ACE AGF MAXIMUM 110 ET**

We believe Max will be an industry leader in his time. His first offspring are in the feed lot for harvest in 2025.

We already know his full sibs grow good and produce BMS 8 to 10 quality grades.

**SALE DAY \$20 / STRAW**

Regular Price \$25

**ACE MR TRIPLE CROWN 211 ET**

This young stud has a unique pedigree because he has the three original imports SHIG, TAM, and HIKARI up front in his ancestry.

This truly foundation young sire has his first calves on the ground in 2025 and will be entered in a feedlot test in 2026.

All of these are ready to harvest. These meat wagons will weigh from 1300 to 1700 pounds and have been on feed since Sept. 1, 2024.  
We have processing dates if you need one!

**LOT 16C**      **4 EMBRYOS**

REF

Ref: Her dam is another top selling donor.

## GET STARTED TODAY

The percentage females selling give you the opportunity to get in on the ground floor of an upgrading Akaushi program. In the early 70's, all of the European breeds had to start with percentage cattle using AI. Today, there are few fullbloods making an impact in those breeds. Long-term, the Akaushi purebreds will dominate this breed also. The upgrading allows us to fix some fullblood issues. Additional growth and the polled characteristics. The key is to start with good base cows. Our start was a proven set of Charolais cows.

*-Aschermann Akaushi-*

### LOT 16 A - B

9118 is a young cow we purchased from Dr. Aaron Cooper for her bull calf (Lot 78) to use on our heifers. Our sale heifers we sold last year were all bred with him, with excellent results. We had planned to flush her right before our situation changed and we stopped our embryo program. A really nice young cow.

Heartbrand 4988H is a solid performing fullblood Akaushi cow who is a son of the famous Big Al and who's dam is a son of Heartbrand 518, one of the top performing bulls in the breed. Great carcass and performance on both sides. 4988H is safe bred to J589, a son of the original import Hikari. Hikari came to America carrying on the strengths of the dominant Japanese sires Dai 10 Mitsumaru and Namimaru in one package. Hikari sons excel in calving ease and his dominant Japanese sires Dai 10 Mitsumaru and Namimaru in one package. Hikari sons excel in calving ease and his daughters are some of the heaviest milking Akaushi females in the breed. His impact on the breed will be long lasting J589's dam is DCW 33F which is a son of Big AL and who's dam was sired by Rueshaw. This mating has a lot of potential. **Due 10-5-25.**

805L is a beautiful, gentle, first calf heifer who's dam is LAG 2069F and who's sire is Dos Equis XX. 2069F's sire is one of Heartbrand's top sires Brady 2627A, a direct son of Rueshaw. Brady is an invaluable outcross to our foundation bulls Shigemaru, Tamamaru, and Hikari. He combines his father's marbling and skeletal traits with the maternal strength and longevity of his dam, Heartbrand Z1118P. Brady modernizes foundation genetics and offers the breed much-needed mating versatility. 805L's sire is the famous Heartbrand Dos Equis XX who sold at auction for \$250,000 and is rapidly gaining a reputation for the overall quality of his offspring. She is polled heterozygous. Bred to SLA SASHO or 701L. **Due 10-5-25.**

577K is a heterozygous second calf heifer who's dam is JMK 223E. 223E is a daughter of Houston Livestock Champion JC Empress 101. 102 is a daughter of Red Emperor who is very well known as a great carcass producing sire and Kalanga Kajiyuko. 577K's sire is a GK4 Rueshamaru, a truly outstanding son of Rueshaw who is out of the legendary cow Kaedemaru 2. He is also the sire of the record setting heifer at the AAA inaugural members sale. 577K's sire is Heartbrand DOS EQUIS XX, the famous homozygous polled Akaushi bull who sold for \$250,000 at auction. DOS EQUIS XX calves are known for their docility in addition to great growth and carcass qualities. Bred to 701L which is a homozygous polled Akaushi bull who is out of Heartbrand 3668H X Heartbrand Yellowstone bull. **Due 10-5-25.**

**LOT**  
**38-47**

**Group of 10**  
**Fall Bred First Calf**  
**F1 Heifers**

Group of 10 Fall first calf heifers. F1 fall calving first calf heifers out of 7 to 10-year-old fullblood registered black Angus and Red Angus cows. Sires were from high quality registered Akaushi bulls raised by Show Me Wagyu Partners of Show Me Youth Academy. DNA pending on F1 heifers. These are all bred to Bull 809K, a heterozygous polled Akaushi bull (scurred) who had a BW of 61 lbs. 809K's dam is LAG 2069F (Heartbrand Brady X Heartbrand B4535S). His sire is the record setting homozygous polled Akaushi bull Heartbrand Dos Equis XX who sold for \$250,000 at auction.

*NOTE: The Show Me Youth Academy has a feedlot where we feed F1, F2 and Fullblood Akaushi cattle. Our F2 cattle when fed to an age of 19-21 months old average over 85% Prime. You will find our F1 cows have excellent moderate udders, are very fertile and easy keepers.*

**Group of 5  
Four-Year-Old F1 Cows**

Group of five very nice four-year-old F1 cows out of 7 to 10-year-old registered black Angus and Red Angus cows. Their sires will be high quality bulls from Show Me Wagyu Partners. Calves out of these cows have had great carcass qualities with over 85% grading prime.

They are bred to an outstanding half red Wagyu and half black Wagyu bull J4101 AWA registration FB96207. J4101's dam has a sire of SOR 1083, a top carcass bull of Show Me Wagyu Partners. The sire of J4101 is a son of WSI Umemaru, one of the best bulls in the breed. Their dams on both sides are quality black Wagyu cows known for growth and carcass quality. Calves will be 50% red Wagyu, 25% black Wagyu and 25% Angus/Red Angus.

Show Me Youth Ag Academy expects these calves to show growth and awesome marbling. We expect these to grade 100% prime if finished properly. These calves will not be able to be registered with AAA. They may or may not be able to be registered with AWA depending on the pending DNA on the cows. Some of them should be. Show Me Wagyu Partners / Show Me Youth Academy will buy any steer back with a \$.25 premium above the Joplin Stockyards average price for medium and large 1 steers.

The calves out of these should make amazing steaks. If you buy them, the academy will feed for \$.45/day yardage and feed cost.

We used Cooper on heifers. He was purchased for this specific purpose. Aaron Cooper, PhD, an experienced Akaushi geneticist had this to say, "185 is a son of Escondido 7000E, which is the lead herdsire in Cooper's herd in Texas. He is bred for calving ease, early marbling and maternal abilities." Good young bull. We are saving his daughters.

 Joplin, MO

**J-H Cattle**

J-H Cattle Co. Meat Store is located at 1316 Broadway Street in Joplin. We are very proud that all of our beef is raised on our farm just outside of Asbury, Missouri... about 15 minutes from our store. 100% All Natural, All-American grass-fed and grain-finished American Wagyu Akaushi and Angus beef with no hormones or antibiotics... ever! Our American Wagyu Akaushi is DNA verified with the American Akaushi Association. We raise only the highest quality beef for our family... and yours! It's a true farm-to-table experience with us!

We have launched our online store [www.JHCattleMeatStore.com](http://www.JHCattleMeatStore.com) and are happy to ship our American Wagyu Akaushi beef nation-wide! Look for J-H Cattle Co. on Saturdays at the Rogers, AR Farmer's Market.

**EVERYBODY SHOULD BE A MEAT SALESMAN.**

Start a feed pen even if it's just a few head. Your family and friends will be forever grateful. Plus, it's a good way to create value for your mistakes.

**BREEDING PLAN**

It was very important to us that we used time-tested foundation genetics for our program.

Our second criteria would be E.P.D.'s, however, calculations predicted on limited input basically from one source can be misleading and most often have low accuracies.

As the breed expands, more data will be collected, and accuracies will improve. At this point and time, calving ease with growth is our performance focus. The meat quality is built in.

E.P.D.'s may become more important to us in the future.

## VFR - JERRY AND CORY VAUGHAN

**7228Z (AF21722) FOUNDATION SISTER DONORS 754Y (AF11063)**

Here is your opportunity to acquire genetics from two special females that helped build the Aschermann Akaushi herd, 7228Z and 754Y. These are two of the best Tamamaru sisters you can find due to their outstanding track record of PROVEN PRODUCTION with 754Y having over 50 registered calves and 7228Z over 70! They are both dams of multiple high selling bulls and females over the past several years in Aschermann sales.

**7228Z** - Dam of multiple high sellers including Tank 916 and Triple Crown 211! She has over 70 registered progeny and is a no-miss type female, with many sons and daughters highlighting Aschermann sales.

### **LOT 108** 3 - GRADE 1 IVF EMBRYOS **BALD RIDGE HENSHIN X 7228Z**

Bald Ridge Henshin is an Australian bull with an exceptional pedigree. He is a grandson of TWA Kajikari and is a double bred Big Al, and Namiko!

### **LOT 109** 3 - GRADE 1 IVF EMBRYOS **HIKARI X 7228Z**

Hikari, a foundation bull, is one of the great sires of the Akaushi breed. His genetics are timeless as he is still making an impact on the breed over 30 years since his importation.

**754Y** - 754Y is dual registered, dam of the top two high selling females in the 2022 sale and has over 50 registered progeny!

### **LOT 110** 3 - Grade 1 IVF Embryos **BIG AL X 754Y**

This mating of Big Al to 754Y should build some excitement. Combining Akiko and Ume will further stack those elite maternal and carcass genetics.

### **LOT 111** Right to ONE IVF Cycle **Choice of donor females or double the bid for right to aspirate both.**

Here is your opportunity to aspirate one or both of these donor females to the sire of your choice. These cows are 13 and 14-years-old, and their production history speaks for itself. We will guarantee a minimum of five embryos (per donor) with no cap. Semen, embryo production and shipping costs are the responsibility of the buyer. Aspiration(s) will be done at Bluestem Embryos Transfer Center in Carlton, Kansas.

### **LOT 112** SEMEN **1 STRAW - TWA KOTSUKARI**

TWA Kotsukari is the only Hikari X Akiko son ever bred and therefore extremely rare genetics.

### **LOT 113** SEMEN **1 STRAW HIKARI**

### **LOT 114** SEMEN

# INDEPENDENCE CATTLE CO

## LOT 120 FLUSH

**ACE PALOMA 048 ET** (AF199683)

Palmona 048 is an elite female that I'm building my entire program around. She was a high selling female in Larry's 2022 sale and has done everything we asked. 048 has top genetics, is heavy-muscled, has a perfect udder, milks heavily, is high maternal and averages 14 freezable embryos per IVF. We have 12 calves on the ground that are outstanding as she is - bulls and heifers alike.

### Terms: 1/2 Payment due now, 1/2 due after Embryo Freezing

-Buyer will provide semen and receive all embryos produced, with a guaranteed minimum of six embryos (so long as semen is good quality).

-Flush will be completed at either TransOva (Bryan, TX) or Agrimark Genetics (Kingsbury, TX) no later than 10/24/25 (six months from sale date).

-IVF cost included in purchase price; *conventional flush available for \$1500 additional cost.*

**ACE PALOMA 048 ET**

**SHOW ME YOUTH ACADEMY****LOT 121 5 Grade 1 IVF EMBRYOS****DOS EQUIS (AP170417) X JMK MS HIROMITSU 66F (EAF133033)**

The cow is a Hiromitsu, a son of WSI Umemaru, XA Red Emperor.

5 - Frozen Grade 1 IVF 066F X Heartbrand Dos Equis XX embryos stored at Flying Cow Genetics in Welch, Oklahoma.

**66F**

66F is the very first offspring that was sired by SOR Hiromitsu - show champion that went on to become the champion of the world. SOR Hiromitsu is sired by the highly sought after WSI Umemaru and is out of one of the top females in the business, Kaedemaru 2. 66F's dam - JC Empress 102 is royally bred as well. She is a daughter of Red Emperor and Kalanga Kajikari and was also grand champion.

**Hiromitsu 1090**

History was made in March 2021. Six generations in the making, this bull has all the superior qualities of Akaushi. This is a milestone in the breed history, and a new era for American Akaushi genetics worldwide. Show Me Wagyu Partners purchased half interest in Dos Equis XX at auction for \$125,000 making total value \$250,000. Dos Equis XX has been producing desirable polled calves for the Akaushi breed for over three years now. There will be Dos Equis XXX calves offered in the sale and Dos Equis XX will make a rare public appearance in the sale where you can see one of the breeds most outstanding polled bulls in the breed in person. Dos Equis XX was donated to the Show Me Youth Academy. Both he and his calves are very gentle.

Show Me Youth Ag Academy will offer **Dos Equis XX 3618H semen** for sale in **lots of five. Price \$50/unit.** Dos Equis XX semen is stored at Elgin Breeding Service in Texas. We will also have frozen semen on site during the sale for attendees if you bring your own tank.

**3 Lots of 3 Grade 1 Frozen IVF Embryos (9 total) BIG AL X RUNAMI 089E**

These are stored at Flying Cow Genetics in Elgin, Oklahoma.

These embryo packages will attract a lot of attention, simply because the sire is the Akaushi immortal, Big Al. The donor dam, Runami 089E, a Houston Grand Champion, stems from the JVP import program. Her granddam is Homare J30E, a very well-known and highly-bred impacting daughter of the original Wagyu import sire, Judo. This maternal line has produced some amazing cattle and will continue to do so with the genetics in these embryos. The sire of this donor dam, GK4 Ruesharmaru, is a Rueshaw son and maternal grandson of the legendary Kaedemaru.

GK4 was the sire of the record setting heifer at the AAA inaugural members sale last year and also the second top selling heifer at the sale.

## DONATION DRAWING

### SHOW ME GENETICS - DANNY LITTLE

#### # 1

**\$500 retail value**

*Fullblood Akaushi steak and beef package.*

#### # 2

**\$500 retail value**

*Fullblood Akaushi steak and beef package.*

#### # 3

**\$500 retail value**

*10 straws Dos Equis XX semen.*

#### # 4

**\$250 retail value**

*5 straws JMK Mr RUESHAW 233F*

**JMK MR RUESHAW 233F**

Rueshaw X Heartbrand Brook B0445N 233F is a rare direct son of Rueshaw. One of the first two Akaushi bulls to be imported to the U.S. and the only national champion to leave Japan.

His genetics are most rare of the original imports and are currently commanding upwards of **\$20,000 per straw of semen**. His dam, Heartbrand Brook B0445N, is a daughter of Big AI and out of the rare Yamato 117.

(RINGO) A Namimaru daughter out of DAI 8 Marunami. Mr Rueshaw also has a COI of 0%. His calves are very nice, gentle and perform very well in the feedlot too.

#### PROCEDURE

- Drawing at the conclusion of the sale.

-Registered buyers need to be present to win. (No purchase necessary)

-Semen will be available sale day for pickup. (Any shipping charges are the winners expense)

## Doyle Creek Ranch

We are so excited to have the opportunity to introduce Aschermann Akaushi into our Angus cow/calf operation. In the last few years of using Aschermann Akaushi semen, we have seen an improvement in both the quality grade and muscling of our steers that we provide our customers and our restaurant. Customers that have purchased our Akaushi cross steers have been able to see, and taste, a difference in this quality beef. We look forward to continuing our relationship with the Aschermann's as we continue to provide better beef for the industry.

**Troy & Sara Dawson**

*Florence, KS*

### **ANIMAL HEALTH:**

The health of the cattle selling is excellent. Each animal will be accompanied by an individual health certificate for immediate interstate shipment. All bulls have passed a breeding soundness exam and have been tested for trichomoniasis and BVD.

Bulls sell with a first breeding season guarantee defined as 90 days from date of sale, provided the bull is managed for acceptable nutritional and physical health. Guarantee applies to bulls in single bull pastures only! In the event of a customer having a problem with a bull (health, injury, or death) prior to or during the first breeding season, the buyer should contact Aschermann Akaushi immediately. A vet statement will be required so the decision to return the bull to Aschermann Akaushi or sold by the buyer may be made. A sale credit will be given towards next year sale at the value of the purchase price minus salvage value.

Females selling as bred sell with a 45-day pregnancy guarantee.

## OUR AKAUSHI STORY

*WE ARE OFFERING...*

### **THE NEW GENERATION OF OLD GENETICS**

In 2013, we took a chance and bought twenty straws of Akaushi semen to A.I. some of our Charolais heifers. To say I was a skeptic would be an understatement. Most promoters of any breed overstate all the great attributes their breed offers. For our experiment, we used the same selection criteria that we used when starting our Charolais program in 1993: eye appeal, disposition, fescue tolerant, and sound feet and legs. Akaushi checked all the boxes and then some, giving us more growth than expected.

Fast forward to early 2017. Combining our premium grading Charolais with front-end Akaushi sires from Heartbrand, we developed a herd of F1's. Using both A.I. and E.T. our experiment had exciting results. Our next step was to purchase foundation Akaushi females for embryo production. We only wanted genetics that were direct descendants of the original imports that also met our original selection criteria. This was a big challenge given the fact that the only fullblood imports were three bulls and eight cows about thirty years ago. After extensive research, we found what we wanted with the purchase of five fullblood females.

As 2025 rolls around, our excitement for this Japanese breed has increased. Over the past years, we have discovered Akaushi fertility is outstanding with embryo and semen production - way better than other breeds we have sampled. Based on our previous auctions, we found there is more demand at the grass roots level in our area than we expected. Considering Akaushi is relatively new and most cattlemen have never heard of these genetics.

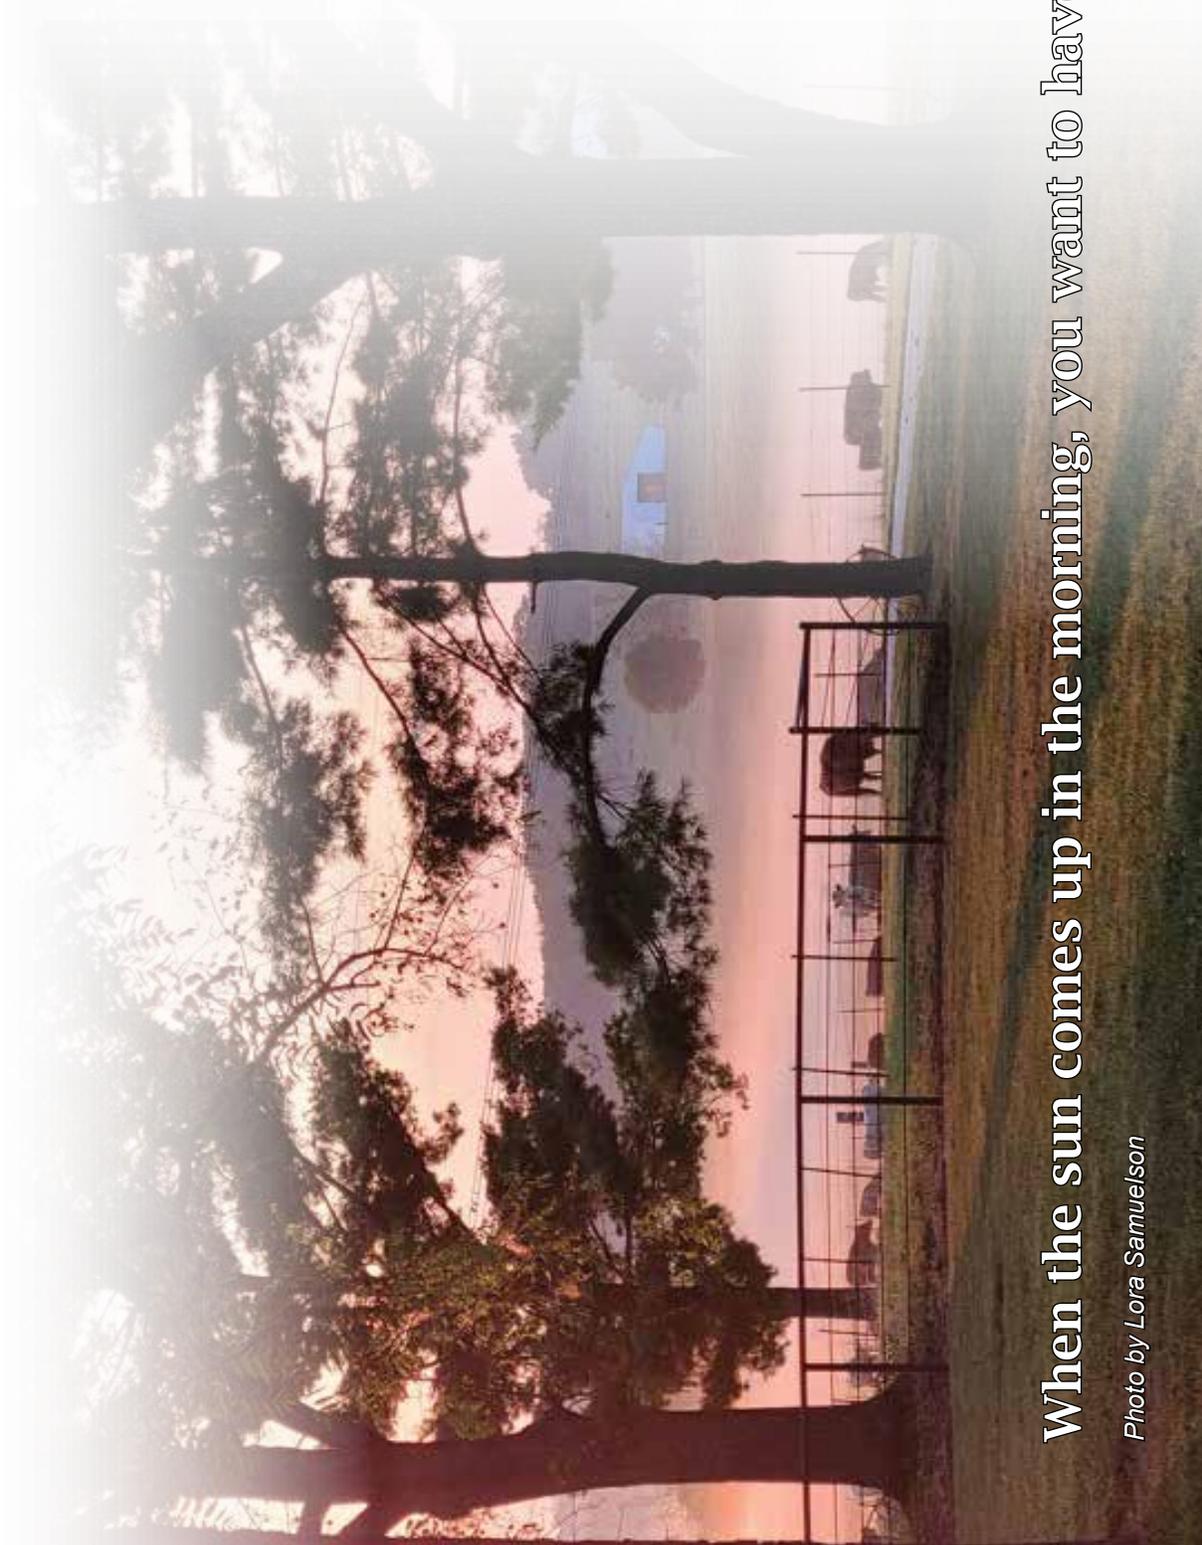

Lastly, but most important, is the taste and tenderness of the meat. It is unique and delicious. We fed the F1's that did not produce as breeding cattle just as a commercial feedlot would. The meat sold direct and each carcass was sampled by us. Surveys were taken and buyers without exception said they wanted more!
