Jackie Moore 417-825-0948 cell

SALE DAY ADVISORS:

Dr. Bill Able - Miami, OK 918-541-5179
Bailey Moore - Granby, MO 417-540-4343
Skyler Moore - Mt. Vernon, MO 417-737-2615

CHAROLAIS JOURNAL:

David Hobbs - AICA K.C. MO 913-515-1215

ORDER BUYING:

If you are unable to attend the sale, but wish to purchase please contact us. You can buy with our sight unseen guarantee. You can buy with confidence.

BREEDING GUARANTEE:

These virgin bulls are semen tested and scrotal measurements taken. Plus the bulls will be BVD and Trichomoniosis tested. Simply put, your cows complete satisfaction and herd health is our goal.

EPD'S:

The breed average for Non Parent EPD distribution is: CE 5.8
BW -0.3 WW 57.6 YW 104.3 MILK 22.8 TOTAL MATL 51.6
SC 0.9 MCE 5.3 HCW 21.7 REA 0.71 FAT 0.009 MARB 0.11
TSI 247.70. Additional EPD's for sale bulls can be provided.

FOOD:

Sale day, 1st thing coffee and donuts. Then lunch will be served.

MOTEL:

The host motel will be at the: Super 8 Motel in Carthage, MO 417-359-9000. If you need assistance with a room, just let us know.

LIABILITY:

We are not responsible for any injury or accidents.

SALE CATALOG DESIGN:

Jocelyn Washam, Rural Route Creations

WEB MASTER:

Joan Thorne, TLC Website Designs

Welcome to our 35th Production Sale

WE'VE HAD A GOOD RUN!

This fall we are offering 65 user-friendly, front-pasture kind of Charolais herd sires. In addition, 8 breeding age fullblood Akaushi bulls plus 6 Akaushi half-blood fat cattle are selling. This October will be our last big Charolais sale.

Our Spring 2023 sale will have 10 Charolais 1/2 brothers sired by a son of Lock & Load's full sister. We believe they will be something special. As we change our focus to Akaushi, our plan is to increase breeding cattle numbers in 2023.

It was 30 years ago we started developing our Charolais cowherd to produce bulls. When we showed cattle as a merchandizing tool, our cow lines produced four National Champion cow-calf pairs. These same genetics now serve as a base for our Akaushi upgrading program.

When you find a bull you would like videoed, please call. Photos of key reference sires are scattered throughout the sale book. The weekend prior to the sale, videos of requested bulls will be posted on our website
www.aschermanncharolais.com

If there is anything we can do to help with your next investment in making your cows and your banker happy, let us know.

We would like to thank all of you for your years of support. We look forward to working with you in the future.

Larry & Peggy

CUSTOMER SERVICE

We believe that our after the sale warranty is one of the best in the industry. You have a problem, any problem with our bulls, we are there for you. We are not happy until you are happy.

Bulls we offer at our sale are “The Cream Of the Crop”. This is not a sale where the top bulls have been sold off and you get the left overs. We have a long and proven track record of satisfied customers. We have taken the gamble out of herd sire selection.

It's important to us that we sell bulls in everyone's price range. As you are aware herd bulls represent at least half of the genetic input of the calves you sell later. That percentage goes up if you decide to save replacement females. Stated in current market reports there can be a \$.30 per pound spread in the #1's vs. #2's and #3's of the same weight. No matter what the market is, you always get paid more for high quality calves. Now more than ever is the time to buy the best bull you can.

TERMINAL SIRE INDEX

With the release of 2015 Fall EPDs, a new data point has been added - AICA Terminal Sire Index (TSI). The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (EPD) - BWT, WWT, YWT, REA, HCW, MARB and FAT - into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on the three year rolling USDA database.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like a single trait EPD. For example, if Sire A's index is \$236.00 and Sire B's index is \$256.00, then we would expect Sire B's offspring to average \$20.00 more net return (\$256.00 minus \$236.00) than Sire A's offspring.

**THE AKAUSHI CATTLE WILL SELL
AT THE CONCLUSION OF THE
CHAROLAIS BULL SALE.**

**ESTIMATED START TIME
ABOUT 2:15 PM (CST)**

WE ARE STACKING THESE BLOODLINES IN OUR PROGRAM

Rhubarb has done it all for us. His sons and daughters have been sale tops in our previous sales. He is a son of Rueshaw 430 (semen \$6000 per straw) and a daughter of Big Al.

HEARTBRAND RHUBARB 2142A

AKIKO "THE QUEEN"

Akiko is a preeminent conformation and carcass improving female. Big Al is her most famous son.

ACE-AGF TANK 916 ET (AF161827)

Tank 916 ET was our top selling bull in 2021. One half interest sold to Amazing Grace Farms, Nick and April Patterson, Red Boiling Springs, TN for \$11, 200. Lot 70 is a full brother to Tank!

WELCOME

Once again Circle K is a major contributor to our Akaushi sale. Joe Killian and ranch manager Josh Potty have brought us their best. Lots 70 and 71 are young and proven. They were used on fullblood cows and heifers.

We are very happy with their offspring.

ASCHERMANN

CHAROLAIS/AKAUSHI

October 15 • Bull Sale

Larry & Peggy
Aschermann
734 Belle Aire Place
Carthage, MO 64836
(417) 358-7879
www.aschermanncharolais.com • e-mail: hayhook@gmail.com

Our Goals Are...

- Easy Calving
 - Fast Growing
 - Premium Grading
- ... Breeding Stock**

Our goals from the start have never changed. This is a copy of our ad in the Charolais Journal that has run non-stop since our early Charolais days. Sale dates, our address and adding Akaushi have been our only updates. Our goals have stayed the same.

Starting with my first 4-H project, showing breeding cattle during my college days and improving feeder cattle in my adult life, we have always tried to make them better. We were aiming for a target.

We've hit the BULLS EYE. Our Akaushi crosses are consistently producing high prime at a young age.

Left:
Fullblood
Akaushi

Right:
1/2 Akaushi
1/2 Charolais

ALL OF THE CATTLE ON THIS PAGE WILL BE SOLD BY THE POUND.

1. Cattle will be weighed before the sale.
2. The base price will be determined at the auction.
3. A \$.25 per pound genetic premium will be added in the office.
4. The final price to be paid will be base plus the premium.
5. The Fat Cattle selling are ready to harvest. Local processing dates available.

OUR AKAUSHI STORY

WE ARE OFFERING...

THE NEW GENERATION OF OLD GENETICS

In 2013, we took a chance and bought twenty straws of Akaushi semen to A.I. some of our Charolais heifers. To say I was a skeptic would be an understatement. Most promoters of any breed overstate all the great attributes their breed offers. For our experiment, we used the same selection criteria that we used when starting our Charolais program in 1993: eye appeal, disposition, fescue tolerant, and sound feet and legs. Akaushi checked all the boxes and then some, giving us more growth than expected.

Fast forward to early 2017. Combining our premium grading Charolais with front-end Akaushi sires from Heartbrand, we developed a herd of F1's. Using both A.I. and E.T. our experiment had exciting results. Our next step was to purchase foundation Akaushi females for embryo production. We only wanted genetics that were direct descendants of the original imports that also met our original selection criteria. This was a big challenge given the fact that the only fullblood imports were three bulls and eight cows about thirty years ago. After extensive research, we found what we wanted with the purchase of five fullblood females.

As 2023 rolls around, our excitement for this Japanese breed has increased. Over the past years, we have discovered Akaushi fertility is outstanding with embryo and semen production - way better than other breeds we have sampled. Based on our previous auctions, we found there is more demand at the grass roots level in our area than we expected. Considering Akaushi is relatively new and most cattlemen have never heard of these genetics.

Lastly, but most important, is the taste and tenderness of the meat. It is unique and delicious. We fed the F1's that did not produce as breeding cattle just as a commercial feedlot would. The meat sold direct and each carcass was sampled by us. Surveys were taken and buyers without exception said they wanted more!

“The beginning is the most important part of any work” - Author Unknown
