LIVE STREAM VIDEO AUCTION:

Enjoy the live stream video auction on Cowbuyer.com
View/bid on Cowbuyer.com
Real high speed internet service preferred.

BREEDING GUARANTEE:

These virgin bulls are semen tested and scrotal measurements taken. Plus the bulls will be BVD and Trichomoniosis tested. Simply put, your cows complete satisfaction and herd health is our goal.

EPD'S:

The breed average for Non Parent EPD distribution is: CE 5.3
BW 0.3 WW 31.0 YW 57.0 MILK 9.9 TOTAL MATL 25.4 SC 0.9
MCE 5.1 HCW 20.1 REA 0.69 FAT 0.009 MARB 0.10 TSI 203.59
Additional EPD's for sale bulls can be provided.

FOOD:

Sale day, 1st thing coffee and donuts. Then lunch will be served.

MOTEL:

The host motel will be at the: Super 8 Motel in Carthage, MO
417-359-9000. If you need assistance with a room, just let us know.

LIABILITY:

We are not responsible for any injury or accidents.

SALE CATALOG DESIGN:

Jocelyn Washam, Rural Route Creations

WEB MASTER:

Joan Thorne, TLC Website Designs

Welcome to our 31st Charolais Bull Sale

Over 80% of our bulls rank above the breed average (203.59) for the TSI index. See page 2 for a full explanation. In simple terms, it is an index that combines several EPD's. Depending on your selection we have all the performance that you need.

Maybe just as important, our bulls are developed in hot fescue pastures for a sound and productive life. Our 18-month-old bulls will not fall apart when turned out.

More pounds and buyers wanting to pay-up for your calves is a huge part of the picture. Equally as important is no problem Hybrid Vigor. Planned genetics are the main focus of our breeding programs. Utilizing heterosis is not fake news. Poultry, swine and grains are light years ahead of the cattle industry when it comes to genetics. My question to you is, "Why not have it all."

We hope to see you ring side sale day. However, for those who cannot attend, we will be live on the internet. Just like our last four sales... www.cowbuyer.com will broadcast our sale. Plus, we will be happy to take your bid over the phone.

Photos of key reference sires are scattered throughout the sale book. The weekend prior to the sale, videos of requested bulls will be posted on our web site www.aschermanncharolais.com When you find a bull you would like to have videoed, please call. Once again, the sale will be broadcast live.

If there is anything we can do to help with your next big investment in making both your cows and your banker happy, let us know.

Larry & Peggy

CUSTOMER SERVICE

We believe that our after the sale warranty is one of the best in the industry. You have a problem, any problem with our bulls, we are there for you. We are not happy until you are happy.

Bulls we offer at our sale are “The Cream Of the Crop”. This is not a sale where the top bulls have been sold off and you get the left overs. We have a long and proven track record of satisfied customers. We have taken the gamble out of herd sire selection.

It's important to us that we sell bulls in everyone's price range. As you are aware herd bulls represent at least half of the genetic input of the calves you sell later. That percentage goes up if you decide to save replacement females. Stated in current market reports there can be a \$.30 per pound spread in the #1's vs. #2's and #3's of the same weight. No matter what the market is, you always get paid more for high quality calves. Now more than ever is the time to buy the best bull you can.

TERMINAL SIRE INDEX

With the release of 2015 Fall EPDs, a new data point has been added - AICA Terminal Sire Index (TSI). The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (EPD) - BWT, WWT, YWT, REA, HCW, MARB and FAT - into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on the three year rolling USDA database.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like a single trait EPD. For example, if Sire A's index is \$191.66 and Sire B's index is \$200, then we would expect Sire B's offspring to average \$8.34 more net return (\$200 minus \$191.66) than Sire A's offspring.

COLOR IN CATTLE

If you want all your calves color marked for a premium price use our white bulls. About all of the other European breeds have diluted their genetics to make their red cattle into black. Even Herefords have a black option. The Charolais Associations long standing position has been not to register black haired cattle.

As a group we are very proud of our Yellow and Smokey colored feeder calves.

Color counts when your cattle sell at the auction. Order buyers have only seconds to determined the genetic potential, weight, body condition, fill and finally the price. Certified Angus beef is a meat marking program that has created a demand for black cattle. However, some issues still remain, not all black cattle are Angus and about 30% of black cattle receive the CAB premiums.

The recent Beef Quality Assurance said while a lot of progress has been made in quality grade. External fat and inadequate muscling still remains as an industry problem. They called it "Lost Opportunities." All agree that continued progress can be made. We offer a tool to get you there.

Charolais advantage's are several. As long as your calves are sold by the pound, feed lots want efficient gains and packers do not want external fat, Charolais will remain in demand.

If you have any questions about how our genetics can work for you please call. I would really like to discuss how our Ace Bulls can be your next step to increasing your income.

PreFix on Reg. Number Tells a Story

M - MALE

*EM - EMBRYO MALE

Q - RED FACTOR CHAR

RM - 75% OR MORE CHAR

MP - 50% CHAR

* Embryos are not raised by their biological Mothers, therefore the adjusted weaning weight may not be very accurate.

GROW YOUR OWN OPPORTUNITY

We are offering these 100% Full Bloods from the heart of our ET program. Our selection criteria was based on unique foundation genetics with eye appeal and growth as our goals. Sexual maturity, we expect all of our breeding stock, both bulls and heifers, to have calves on the ground at two years of age.

FULL BLOOD FEMALES SELLING

We are only selling two fullblood females in this sale, but they are really some of the best we have produced to date. They are full sisters from our embryo program out of our most prophetic donor cow 7219Z.

Why Aka U shi ?????

**** Hybrid Vigor - It's free ****

Most cattlemen understand that crossbred cows can be a good thing. However, the use of crossbred bulls, to optimize hybrid vigor, may not be as well understood. In simple terms you need four totally unrelated breeds that fit your management style. We offer a good option, Charolais X Akaushi, they fit. When used as a terminal sire they will sort and sell right along with your good Charolais crosses. Hybrid bull buyers may have said it best.

“We have something to gain and nothing to lose.”

*** Carcass Quality --- over 50 % prime ***

Data collected from thousands of fat cattle for several years prove that over 90% Akaushi crosses will grade choice or prime. Texas based Heart-Brand has a highly successful Akaushi meat marketing program. They stay pretty well sold out. No big deal you say. Their base price is \$50.00 for a 14 Ounce strip or rib eye.

A fellow Charolais breeder has a meat store just outside of Kansas City that features Akaushi. I was there two weeks ago, the filet was \$40.00 per pound and strips and rib eyes \$29.00. They sell out quickly.

A customer of ours so fell in love with the health benefits and the taste of the Akaushi, he is opening a meat store in Joplin, featuring Akaushi crosses. All three of the companies need feeder cattle with Akaushi genetics.

Our experiment we started in 2013, with the Red Japanese cattle has worked extremely well. We have sold all of the ½ Char ½ Akaushi that we can get processed for \$2.00 per pound live. The meat is some of the best tasting I have ever eaten. While purebred Charolais is still our main focus we also believe that Akaushi are here to stay.

Based on consumer demand the industry keeps changing, that being said, right now on the local level we believe our Akaushi will produce feeder cattle that will sell as good as any.

Proven Reference Sire: MCC 4032

AT THIS TIME, THE DATABASE IS SMALL AND THE EPD'S DON'T MEAN MUCH TO ME

New Reference Sire: Heartbrand Hot Dam 9249 E

- Adj WW over 800 lbs
- Eye Appeal
- Good Disposition
- Proven Ancestors

We are really excited about our recently purchased fullblood Akaushi herd sire. We searched for over a year to find genetics that would help secure our two main concerns with Japanese cattle. Most lacked the growth and eye appeal to fit our bull selling program.

Our primary goal is to take advantage of optimum hybrid vigor, we searched for a breed with few problems that is totally unrelated to the nations cowherd. We are producing both 1/2 blood hybrids and fullblood Akaushi bulls.

ASCHERMANN

CHAROLAIS / AKAUSHI

734 Belle Aire Place

Carthage, MO 64836
