

GEAR LIST

Mountain weather can be at least 10° colder than Whitehorse weather anytime of year, please bear that in mind when packing. Your gear depicts your happiness on the trip and we want all clients to be comfortable. You can always take clothes off.

All gear including sleeping bag, sleeping pad and pillow cannot exceed 12 Kilos or 26.5 lbs

All luggage and items not needed on the trip can be stowed away in a secure location for the duration of the trip.

It can hail, rain and even snow/sleet. This advice is based on historical weather data. Please check the forecast at www.accuweather.com before you go to ensure you pack the right clothes.

You must wear a hard hat when riding your horse with us. There is always a slight risk that your checked luggage may be delayed. We do advise, therefore, that you wear your hiking boots and carry essential riding equipment so that in the unlikely event of luggage delays you can continue to ride.

Mandatory clothing items:

1 or 2 pairs of good quick dry pants (jeans not allowed)

2 quick dry shirts; 1 long, 1 short, 1 cotton shirt is allowed if necessary

4 pairs of merino wool or pure wool socks (8 pairs maximum)

1 pair of water proof hiking boots, (shoes not permitted)

1 pair of camp shoes

Rain jacket and rain pants, must be waterproof if it were submerged in water for 1 hour (thicker the better but still light weight)

1-2 down coats, lighter and heavier

Water resistant or fleece sweater/hoodie (no cotton)

2-4 pairs of underwear

1 pair of long johns/long underwear

1 pair of gloves (wool, leather or fully water proof)

1 buff/neck warmer

1 cap; ball cap or toque

Half chaps or Gators; Leather does not keep you dry so we recommend fully waterproof polyester or neoprene gators

Dry bags for clothes: waterproof or water resistant (all clothes and sleeping gear will be placed into water proof duffle bag during travel days on the trip)

Mandatory extra items: When packing items please downsize into smaller containers prior to trip; 100 ML max per container

Riding helmet

1 water bottle or 2 small ones

Down Sleeping bag: rated for -15° Celsius or colder (anything under is not permitted)(good bags cost anything upwards of \$500 CAD)

Sleeping pad: recommended Thermarest brand,(foam pads not permitted)(test sleeping pad before bringing with you, mandatory requirement)

Pillow (we do have pillow cases if you wish to stuff your down coats into it as a pillow)

Allergy medication (pollen has had effect on people in summer and fall)

Pain medication: Advil or Ibuprofen

Blister patches or personal bandaids if you rash commonly in one place

Lip balm/Lip chap

Toothpaste and toothbrush

Hair brush

Sunscreen

Face mask for sleeping

Wet wipes (bio degradable not necessary)

Battery bank (24,000 mah minimum recommended for this trip)

Headlamp for reading or seeing in the fall when it's dark (Stream-light bandit from Amazon is best)(rechargeable is best)

Optional items:

Backpack or day pack (40L max)

1 book

Electrolyte powder/juice powder

Moisturizer

Bug spray (tick spray not necessary)

Sunglasses (hard case)

Riding pad or sitting pad (both welcome)(non bulky)

Binoculars

Camera (please remember anything can break on horseback, it's just a matter of when)

Pocket knife (stow in luggage)

Shampoo and conditioner (we have a portable outdoor shower)

Sleeping bag liner (if you get cold easily)

Small microfibre towel or facecloth

Snacks from your country

Not permitted:

Jeans

Cotton

Not included:

Snacks (snacks can be purchased at store on arrival day)

Alcohol (alcohol can be purchased at store on arrival day)

Sleeping gear (can be rented prior to trip)
