

# NeuroBridge Academy

## *Founding Tenets*

### **Strong Academic Foundations**

Students develop strong literacy and math skills through explicit instruction, personalized support, and mastery-based learning.

### **Student Ownership**

Learners take responsibility for their goals, decisions, and growth within a structured environment.

### **Meaningful Work**

Students apply their learning through meaningful projects, authentic challenges, and real-world experiences that give learning purpose.

### **Community and Connection**

Strong relationships are at the heart of NeuroBridge. Students learn to collaborate, communicate, and contribute to a supportive learning community.

### **Whole Child Growth**

We nurture academic growth alongside character, creativity, emotional well-being, and a strong sense of purpose.

### **Movement and Exploration**

Movement, exploration, and play are intentionally woven into the school day to support learning, engagement, and healthy development.
