

## **OHSMS Awareness Training (058)**

### ***Build your safety IQ***

#### **Course overview:**

This concise, focused workshop is ideal for individuals seeking a general understanding of OHSMS principles. Your own OHSMS materials can be included into the course, i.e. OH&S Policy, High Risk Hazards and OH&S Objectives.

#### **Prerequisite:**

No prior knowledge or experience is required.

#### **Course Objective:**

To provide a solid introduction to Occupational Health and Safety Management Systems and the ISO 45001 standard — equipping participants with the foundational knowledge needed to understand how OHSMS applies to their organization or industry.

#### **What you'll learn:**

- The context and purpose of an Occupational Health and Safety Management System (OHSMS)
- How to identify OH&S Hazards and risks
- The key clauses of ISO 45001 relevant to OHSMS implementation

#### **Who should attend:**

- All employees

#### **Duration and Delivery:**

1 hour – instructor led, on-site or virtual

- Your own OHSMS materials included into the course, i.e. OH&S Policy, High Risk Hazards and OH&S Objectives

30 min. – self-paced course

***Flexible and Customisable***

#### **Cost:**

\$800.00 (CDN) instructor led, limit for students is only limited to classroom size

- Discounts available for multiple deliveries in one day
- Instructor travel costs and taxes not included
