- ***Regional Faculty in AO Trauma Regional Masters course: Foot and ankle course with cadaveric surgery Dubai 10-2023*** (with 23 European CME credits)
- Attended as a speaker and Expert panel member in the AO Trauma Pelvic fracture Symposium. In the Sicot meeting combined with 75<sup>th</sup> International congress of the EOA 11/2023
- Lecturer in 4<sup>th</sup> Arab Board Orthopedic review course 11/2023
- Speaker in Orthopedic Postgraduate Review Course, Pelvis and joint reconstruction unit, Orthopedic department, Cairo University 11/2023
- ***International Faculty in AO Master course- Current Concepts: everything about the hip with human anatomical specimen Davos 12-2023***
- Speaker in the Egyptian Pelvis and Hip Society EPHS meeting: Fractures of the proximal femur: Dec 2023
- ***Regional Faculty in AO Trauma Basic Principles Dubai course 1/2024***
- Speaker in Mansoura University Orthopedic Department annual conference 2/2024
- ***Regional Faculty in AO Trauma Basic Principles Kuwait course 3/2024***

### Companies:

- Sponsored Speaker for Eli Lilly pharmaceutical company.
- Sponsored Speaker for Amgen pharmaceutical company.
- Sponsored Speaker for MSD pharmaceutical company.
- Speaker for EVA Pharmaceutical Company.
- Speaker for Elixir Pharmaceutical company.
- Speaker for Sandoz Pharmaceutical Co.
- Sponsored Speaker for Multicare pharmaceutical company.
- Speaker for Pfizer/ Viartis Pharmaceutical company.
- Speaker for Acino pharmaceutical company.

### Scientific Activities:

#### Teaching Activities:

- **Masters of Orthopedics examiner from 11/09.**
- **MD, Ph Doctorate examiner since 2020.**
- **Examiner in Egyptian Orthopedic fellowship exam since 2021.**

- Teaching MB, Bch. students.
  - Teaching nursing school: rehabilitation specialty (2006-2012).
  - Teaching of MSc, and MD. Orthopedics students.
  - Teaching in the trauma review course Cairo University 1-2010 to date.
  - Guest lecturer for professional Diploma in orthopedics October 6 Univ.: Fracture pelvis and acetabulum 16/12/2010.
  - Guest lecturer for orthopedic Diploma Helal hospital 20/9/2011: Fracture clavicle, SC, AC and scapular injuries.
  - Teaching of Basic Science course Cairo University yearly 2012-2019
  - Teaching Oswestry Style Clinical examination course from 9/2015, 3/2016, 11/2016, 3/2017, 11/2017, 3/2018, 3/2019, 10/2019.
  - Author of the “**Tibia, distal intraarticular (Pilon) chapter 6.8.3**”. In Richard E Buckley, Christopher G Moran and Theerachai Apivatthakakul Editors. **AO Principles of Fracture Management**. 3<sup>rd</sup> Edition. Thieme; Dec 2017. P:349-368. (Book launched December 2017, official publishing date Feb 2018)
- **Supervised the following essays & theses for MSc degree in orthopedics:**
    - 1) Results of inverted total shoulder Arthroplasty in the treatment of rotator cuff tear arthropathy 2006.
    - 2) Recent advances in management of AVN of the head of the humerus 2006-07.
    - 3) Advances in management of rotator cuff tears 2006-07.
    - 4) Nerve graft alternatives 2007-08.
    - 5) Femoro-acetabular Impingement 2008.
    - 6) The Microfracture technique for the treatment of articular cartilage defects of the knee 2008.
    - 7) Arthroscopic management of SLAP lesions 2008.
    - 8) Use of ACI (Autologous Chondrocyte Implantation) in treatment of osteochondral defects of the talus 2008-09.
    - 9) Role of Surgery In acute Anterior Traumatic Shoulder Dislocation 2/2010.
    - 10) Management of Acetabular Dysplasia in the Adult; Non-Arthroplasty Options 8/2010.
    - 11) Kyphoplasty in treatment of acute spine fractures 2010.
    - 12) The use of Short femoral stem Total hip replacement 2010.
    - 13) Stem cells in treatment of delayed and nonunion of fractures 2010.
    - 14) Minimally invasive techniques in treatment of fracture Calcaneus.
    - 15) Management Of Pelvic Fractures In Children 2011.
    - 16) Recent modalities in management of sacral fractures 2011.
    - 17) The use of Biodegradable implants in orthopedics 2010.
    - 18) Recent Advances in prevention of dislocation after Total Hip replacement 2012.
    - 19) Minimal invasive technique in distal tibia fractures 2014.
    - 20) Comparative study between Transforaminal and Interlaminar Epidural Injection of steroids in Lumbar Radiculopathy due to single level Disc Herniation 2014.
    - 21) Ischemic compression versus Kinesio tape in treatment of Fibromyalgia Syndrome (Faculty of Physiotherapy) 2014.
    - 22) Management of Tibial Plafond (Pilon) Fractures.
    - 23) Comparative study between percutaneous calcaneal fixation and mini-open technique.
    - 24) Surgical management of fracture Calcaneus through Minimally invasive approach and fixation.
    - 25) Hemi-arthroplasty vs. reverse shoulder arthroplasty (RSA) in 3- and 4-part fractures in middle-aged patients (a systematic review & meta-analysis) 2021

**Supervising the following theses for MSc Orthopedics:**

1. A comparative study between positional and lag screws for the fixation of medial malleolar fractures 2022.
2. Transiliac trans-sacral Iliosacral screws (Prospective study) 2021.

○ **Supervised the following Thesis for MD degree orthopedics:**

1. Posterior percutaneous fixation of unstable pelvic fractures.
2. Total hip replacement as an option of management for failed fixation of trochanteric fractures.
3. Evaluation of fixation of unstable posterior pelvic ring fracture using minimally invasive technique 2010.
4. Follow up study of managed pelvic fractures in children 2012.
5. Results of primary total hip replacement in cases of fracture neck of femur in elderly patients.
6. The results of fixation of Subtrochanteric fractures by locked plate Biological and open method 2014.
7. Minimally invasive percutaneous fixation of delayed and non-united scaphoid fractures 2014.
8. Comparative study between TK arthroplasty using patient specific instrumentation and TK arthroplasty using conventional instrumentation 2015.
9. Management of fractures of the sacrum in pelvic ring injuries in adults .2015.
10. Management of quadrilateral Plate fractures of the acetabulum 2015.
11. Treatment of Periprosthetic Femoral Fractures after Hip Arthroplasty by Revision of Femoral Component with Long Stem Prosthesis. (2015)
12. Comparative study between Open and percutaneous calcaneal fixation
13. The use of dual mobility articulation in total hip arthroplasty 2018.
14. Comparative study between plating versus closed reduction and Percutaneous sacroiliac fixation of Crescent fracture dislocation of the sacroiliac joint Day type II & III 2016.
15. Single column fixation versus double column in treatment of transverse acetabular fractures 2015.
16. Arthroscopic fixation of tibial spine avulsion fracture in skeletally immature patients with sutures through the fragment 2019.
17. A less invasive anterior intrapelvic approach for treatment of acetabular fractures and pelvic ring injuries 2017.
18. Comparison study between arthroscopic and mini open rotator cuff repair 2017.
19. Calcaneal osteotomy and tendon transfer for management of adult acquired flat foot 2018.
20. Intramedullary Fixation for Unstable Intertrochanteric fractures 2018.
21. Comparison of using a drain Vs no drain after primary cemented Total Knee Arthroplasty 2019.
22. Radiological assessment of quality of reduction of acetabular fractures using columnar screws 2021.
23. Direct Anterior Approach Vs Direct Lateral Approach in Arthroplasty for Femoral Neck Fractures 2021.
24. Minimally invasive stabilization of posterior pelvic ring injuries through Transiliac internal fixator versus Iliosacral screw, a comparative study 2022.
25. Results of topical versus systemic intraoperative injection of Tranexamic acid in total knee arthroplasty 2022.

26. Anterior external fixator versus subcutaneous internal fixator in management of unstable pelvic ring injuries 2022.
27. Minimally invasive Sacroiliac Fusion 2022.
28. Exchange nailing versus plate over nail and graft in management of non-united long bone fractures (femur and tibia) after IM nail fixation 2021.
29. Joint line restoration after total knee replacement: does the soft tissue balancing surgical technique maintain the natural joint line 2019.
- 30.

○ **Supervising the following theses for MD degree orthopedics:**

1. Early Egyptian Experience of Total Hip Arthroplasty Through Direct Anterior Approach 2015.
2. Hip arthroplasty for salvage of failed internal fixation of femoral neck fractures 2015.
3. Study of the outcome after intramedullary strut graft and Philos fixation of comminuted proximal humeral fractures 2016.
4. Functional and radiological outcomes following open reduction and internal fixation of Comminuted posterior wall acetabular fractures 2018.
5. Results of intravenous injection of Tranexamic acid in total hip replacement 2014.
6. Stoppa versus Ilioinguinal approach 2014.
7. Comparative study between double plating and single plate in distal Extraarticular humeral fractures 2015.
8. Comparative study between distal femoral locked plate versus retrograde IM femoral nails in acute distal femoral fractures 2015.
9. PRP versus Hyaluronic acid in treatment of knee osteoarthritis.
10. Evaluation of short term functional and radiological outcomes of surgical hip dislocation in management of acetabular fractures 2018.
11. PFNA versus Dual Mobility Arthroplasty in Management of Unstable Trochanteric Fractures
12. Circumferential internal fixators of unstable fracture pelvis 2021.
13. Reduction loss after operative fixation of transverse acetabular fracture with single posterior plate vs two plates (A clinical randomized study). 2023
14. Comparison of the quality of reduction of femoral neck fractures in the young: Smith Petersen vs Watson Jones approach 2024

• Courses attended in Cairo University for promotion to assistant professor:

- 1- الاتجاهات الحديثة في التدريس من 2007/5/28 إلى 2007/5/31.
- 2- إدارة البحث العلمي من 2007/6/11 إلى 2007/6/13.
- 3- استخدام التكنولوجيا في التدريس من 2008/9/8 إلى 2008/9/10..
- 4- أساليب العرض الفعال من 2008/9/15 إلى 2008/9/17.
- 5- إدارة الوقت و الاجتماعات من 2008/12/15 إلى 2008/12/17.
- 6- النشر العلمي من 2009/3/16 إلى 2009/3/18.

• Courses attended in Cairo University (FLDC) for promotion to Professor degree:

1. Strategic Planning course 2/2014
2. University Administration course 2/2014
3. Exams and Students Evaluation Systems course 3/2014
4. Research Ethics course 4/2014
5. Quality standards in teaching 6/2014
