Update

1. A clerical correction was made to the 9.13.2025 revision of the CS&B Bylaws. The originally published text stated, “This fund shall only be used by a majority vote of the Board of Directors.” However, this did not match **Item #4** on the 2025 ballot, which specified, “This fund shall only be used by a $\frac{4}{5}$ majority vote of the Board of Directors.” To resolve this discrepancy, the document has been updated. The corrected version is titled **CS&B Bylaws Corrected 06.01.26.pdf** (replacing the "Revised" designation).

Ballot Item: As written on the CS&B 2025 Ballot

ITEM #4: Approve amending Article 8, Section 2 to read as follows:

The budget item established during the previous annual meetings, which is called the Catastrophic Fund, shall be available in the event of any extraordinary condition that materially affects the safety of or access to the community. This fund shall only be used by a $\frac{4}{5}$ majority vote of the Board of Directors.
