'RESPECT THE CHAIN'

It's going to be a long time before I dare set foot in the new Times Square Krispy Kreme store, but luckily, a pal of mine already experienced it for all of us. Sam Goldberg is the host of *Respect The Chain*, an entertaining new YouTube series that finds the lawyer-by-day frequenting popular chain restaurants in his spare time and giving a very unfiltered reaction to the items on their menu. In his sneak preview of the city's new donut shop, I'll admit, my mouth was watering over that gorgeous Big Apple donut, but for now, I'll settle for a sugar rush through the screen.
