Date: May 8, 2024

Immediate Release - Notice of Traffic Signal Installation
Highway 441 North and NE 39th Boulevard

Project Contact: Carr Construction
Office Ph: 863-824-0409

Okeechobee County along with our contracted vendor Carr Construction, LLC., will begin the traffic signal installation process on May 14, 2024, with a tentative end date on August 31, 2024.

The location of this installation will be at the intersection of NE 39th Blvd and U.S. Highway 441 North. Drivers are urged to drive with caution and plan ahead to allow more time to pass through the area due to potential lane closures taking place at this intersection during installation as the traffic volume may be higher than usual.

Okeechobee County would also like to thank FDOT for their joint participation with this project.

For additional information, please contact our County Engineer: Stef Matthes at Ph: 772-464-3537 Ext. 114 or via email: smatthes@ct-eng.com.
