

# Coronavirus Update

## We are Here for You

Central Financial Services of KY, Inc. cares deeply about the health and well-being of our customers, our communities, and our employees and will take all necessary measures to protect everyone as we deal with the novel coronavirus, COVID-19. We have asked our employees to refrain from shaking hands and to respect your space by remaining a safe distance from all customers while on our property.

For our employees, we have implemented important safety measures to increase awareness. We've asked any employee with a cough, fever or any other flu like symptoms to stay home, both for their welfare as well as the welfare of our customers. Likewise, we ask our customers or any person doing business with us who is experiencing a cough, fever or any other flu like symptoms to contact us by phone or email for the welfare of themselves as well as the welfare of our employees.

We ask that our customers refrain from bringing cash into the office until this virus has been contained. We can accept your payment over the phone electronically either by debit card or check by phone. We can also accept check or money orders as well. Any in office transactions will be as brief as possible so it's not that we don't care, to the contrary, we wish to assist you in anyway possible and get you on your way for both the wellbeing of you and our employees.

As of now, all 6 of our branch offices are open and operational. Should this change, we will update that information on this page.

Loans...It's what we do!
