Roads & Machinery Reports: A new landowner out on Walnut Bluff had Wamsley Excavating install a driveway/culvert in the Town's Road right-of-way to the road. The driveway application was never returned to the clerk. Either the patrolman or chairman will check the culvert to make sure there wasn't any damage done to the road during installation. At the second Elm Lane and Walnut Bluff intersection, the seal coat has been buckled by some type of machinery, Buck will take a look at it. The Quarry on Hickory Road will not have gravel available until September or October. Buck needs about 15-20 loads for Sandy Hollow Road-Greg will call around to find gravel. Machinery is in good condition. Fabick was here to work on the grader getting it ready for winter.
