RE: Fire Number Request Process

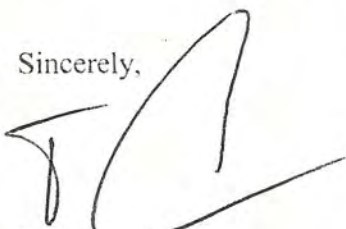

Townships and Chairpersons,

We have been requested to send out the procedure for people who wish to request a new fire number. Anyone who makes a request for a new fire number should be directed to our office first so we can confirm if any permits are required. Whether the land is in a zoned, or un-zoned township, we will have them fill out a zoning application which has a portion on it to request a fire number.

Once that information has been completed, we will forward the request to proper contacts at the Grant County Sherriff's Office, where the number will be issued. The phone number in the above letterhead will be the best starting point for contacting our department.

Please let me know if you have any further questions.

Sincerely,

Erik Heagle
Administrator
Grant County CSZD
