

Dear Friends:

Now in its tenth year, the Summer Fade Away Festival is a way to celebrate summer, while raising awareness and funds to support services for children and families with autism and special needs.

Chances are, you know someone who has been touched by autism. My personal connection is that my son, Nathan, was diagnosed at 18 months with autism spectrum disorder. Thanks to therapy and a lot of support, Nathan attends public school and is doing wonderfully. I launched the Fade Away Festival to help other families impacted by autism.

In 2023 the Fade Away hosted over 1700 attendees and raised over \$25,000 to support children with special needs. With your help, we hope to make this year's event - on Thursday, August 1, 2024 in Southpointe - our best yet!

We are asking you to please consider becoming one of our corporate sponsors or provide donation of a prize, gift certificate or service to be included in our raffle and auction held in conjunction with the event.

Your donation will support the Autism Caring Center's dedication to improving the quality of life for those living with ASD and the families that care for them. They provide advocacy, training, resources, and support. Partnering with local businesses, to engage the community to promote awareness, acceptance, and inclusion.
