

Corner Star Dance Studio 2019 Recital - Video Order Form

Thank you ordering a Corner Star Dance Studio 2019 Recital video! We record the performance with 2 cameras in high-definition. We also get a direct audio feed for the musical numbers for clear-sounding music and use microphones placed near the stage to pick up taps, clogs, and dialogue!

If you would like to place an order, complete the form below and return, along with payment, to the studio or our table we have set up the day of the recital. Payments can be made with cash, check, or credit/debit card. Make checks payable to Five C Video. SD DVDs are \$30 and HD Blu-Rays are \$35. We also offer the video of the performance on thumb drive. These videos play back in full HD as well and will play on any computer or most smart TVs! Thumb drives are \$40. Appropriate sales tax will be applied depending on the sales tax jurisdiction in which you reside.

Please allow for 4-6 weeks for delivery of the final video. All videos will be mailed to the address you provide on this form. Please note that Blu-Ray discs will only play in Blu-Ray players, not conventional DVD players, and that standard definition DVDs will be in widescreen which means they'll still be 16x9 in dimension, but not in HD.

Please detach the form below and return with payment.
