Family Support and Resource Center

For Families of Children with Disabilities and Developmental Delays

The Family Support and Resource Center assists parents and caregivers in advocating for their child with a disability or developmental delay, building partnerships with educators, and addressing everyday “life” issues. We support families of children with special needs, ages birth to 21.

Other services include:

- Workshops for parents and caregivers
- Guidance in the IEP/IFSP process
- Lending library including disability and special education related books and DVDs
- Facilitation of parent groups
- Weekly emails with upcoming events for you and your child
- Service, community and recreational resources to support the specific needs of your family

We are here to help you navigate the IEP/IFSP process and support you in your journey. Working together, we can achieve the most for our children.

Please contact the office at 410-313-7161 or FSRC@hcpss.org. The center follows the HCPSS school calendar.
