Extended School Year (ESY) Services 2020

Elementary School

What does virtual ESY look like?

Students with IEPs qualify for ESY services through the IEP team process. ESY services focus on the maintenance of critical life skills that are unique to each student. Educators will utilize Canvas, Google Meets, Dreambox, LexiaCore5 and various online programs to provide instruction to students identified for ESY services. ESY instruction will be in a blended format which will include live interactions (virtually) with teachers as well as independent learning. Since students are only receiving their special education services, they will not participate with non disabled peers during live lessons. Additionally, educators will provide opportunities to “check-in” each week for parent or student questions.

Technology

Students will use HCPSS devices to access instructional materials and participate in virtual meetings. All HCPSS students in grades PreK-12 who requested a device will receive one. In alignment with Howard County Board of Education Policy 8080 Responsible Use of Technology and Social Media, students who are assigned portable technology devices, including Chromebooks, must adhere to provisions outlined in the policy and the [HCPSS Mobile Technology Duties and Obligations notice](#), and may be fiscally responsible for lost, stolen or damaged devices.

ESY Continuity of Learning Plan

Parents will receive an HCPSS email outlining a proposed plan to deliver the ESY IEP through distance learning. If you have questions regarding the plan, please contact your child’s case manager.

Questions

Visit your school’s website to contact the Assistant Principal at your child’s school, your child’s case manager or Kim Sampson kimberly_sampson@hcpss.org.
