# Hultgren Farms

*In today's complex world, why should you buy local?*

**Quality:** We strive to raise and produce the highest quality beef, not only for our family but yours as well. Our beef is USDA inspected at the butcher to ensure food safety.

**Local:** Our beef cattle spend the entirety of their lives on our farm. The feed they eat is also grown on our farm and locally sourced.

**Cost savings:** By shopping local our customers are able to take advantage of a lower price though beef shares. The average price per pound on a 1/4 beef is only \$6!

**Knowledge & Variety:** We know our beef! It is our goal to help our customers pick, cook and enjoy each cut they purchase. We have a variety of cuts that include the ones everyone has come to love and new cuts that offer a new dining experience.
