

MISSION

Our mission at Carols Angels & Warriors is giving victims and survivors of trauma support and resources they need to strive with energy, strength, and boldness.

BACKGROUND

This organization began with one woman's story, Carol Baur. In 2019, Carol's life was taken by domestic violence. Her loss shook our community, but it also sparked a movement to protect and uplift others who face similar pain.

Carol's Angels and Warriors, or CAWs, is a registered 501(c)3 organization and was founded in 2021 in St. Clair Shores, Michigan. CAWs is partnered with Turning Point Macomb to help turn heartbreak into healing by helping survivors meet urgent needs like safe housing, utility bills, and transportation. Our partnership with Turning Point Macomb has made it possible to provide meaningful support provided entirely by donors and volunteers.

Every dollar given honors Carol's memory and gives a survivor the strength to begin again. Together, we are not just funding change, we are fueling hope.

We thank all of our incredible donors and fundraising participants for standing with survivors and making our work possible.
