

The Garden

Daycare Centre

Wellness Policy – 2021

Purpose of the Wellness Policy

The purpose of The Garden Daycare Centre (TGDC) Wellness Policy is to outline expectations TGDC has for parents in regards to the health and safety of each child registered in the care of TGDC.

When children need to stay at home

Children **MUST** be kept at home when they have:

Fever

Vomiting

Rash

Diarrhea

Discharge from the eye(s) or green discharge from the nose

Not only is your child contagious but his/her resistance is diminished which may make them sicker.

When children can return to TGDC

Your child may return to TGDC once they are fever and symptom free for 24hrs without medication.

Distributing Medication at TGDC

If your child has been symptom free for 24hrs but still is in need of medication, TGDC will distribute this. There is a medication form which will need to be filled out prior to any medication distributed. Medication means non-prescription and prescription.

I have read TGDC Wellness Policy and agree to the terms outlined.

Child's Name

Parent/Guardian 1

Date

Parent/Guardian 2

Date

This document will be placed on your child's file once returned.
