

LAG Travel & Lifestyle

Smart travel gear by LAG – Compact comfort, better packing

LAG BAG VACUUM – USER MANUAL

1. PRODUCT OVERVIEW

The LAG Bag Vacuum is a reusable compression bag designed to save up to 80% of your storage space. Ideal for clothes, jackets, and travel packing. Works manually or with a vacuum cleaner or the included electric pump.

Includes: 1x LAG Bag Vacuum · 1x Electric Pump

2. IMPORTANT – REMOVE INNER SEAL

Before the first use, check if there is a protective seal inside the valve. If present, remove it completely, otherwise, air cannot be removed from the bag.

3. HOW TO USE

Step 1 – Prepare: Make sure the bag is clean and dry. Fold or roll clothes neatly for best compression.

Step 2 – Fill the Bag: Place items inside, leaving 5–10 cm (2–4 in) space below the zipper. Do not overfill.

Step 3 – Seal the Bag: Close the zipper completely by sliding both tracks until they meet. Verify the entire seal is tight along the line.

Step 4 – Remove the Air: Use the included electric pump to remove air. Select the correct nozzle adapter and attach it to the valve.

Turn the pump ON and wait until the bag is fully compressed.

Step 5 – Pack and Store: Store the compressed bag inside luggage, drawer, or closet. Keep away from sharp objects and heat.

4. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bag re-inflates	Zipper not sealed or valve loose	Reseal completely and tighten the valve cap to ensure airtight closure.

Air not leaving bag	Inner seal not removed or valve blocked	Remove the inner seal and check the valve path for obstructions before retrying.
Pump not working	Wrong nozzle or loose connection	Select the correct nozzle adapter and ensure a firm, airtight connection before turning on the pump.
Wrinkles / uneven compression	Overfilled bag	Remove some items, flatten the contents, and reseal for optimal compression.

5. CARE INSTRUCTIONS

Wipe with a damp cloth only. Do not machine wash. Keep away from sunlight and heat. Ensure zipper and valve are clean and dry before reuse.

6. WARRANTY & SUPPORT

Your LAG Bag Vacuum is covered by a 1-year limited warranty against manufacturing defects. For questions or support, contact contact@lagcommerce.us
