**Please help us with our planning! \*\*\* RSVP EARLY \*\*\*  
Deadline to Register: Friday, January 10, 2025**

### **Topic: Hot Dip Galvanizing**

This presentation will detail the galvanizing process from racking material to the multiple cleaning tanks, and submersion into the galvanizing kettle. We will also review the hot dip galvanizing specification of ASTM A123, the multiple layers of zinc, acceptable coating appearances, and duplex coatings.

### **Speaker: Brian Smith – Sales Manager, AZZ Galvanizing Reno, Nevada**

Brian has been AZZ Reno’s Sales Manager since the plant was built from the ground up in 2016. He has been in the steel industry for 20 years and enjoys being of service to his customers. His goal is to provide the best quality of galvanizing and is always available to go to a customer’s facility or jobsite to help educate on the galvanizing process.
