Topic: AMPP today, and changes coming in 2025!

Don't miss the history, and the future... Alison provides a comprehensive update on the changes at AMPP in education, training, QP1 & 2+ certifications, inspections, standards and guides. She will also discuss the impact and implementation of the changes in lead regulations in the new Cal/OSHA rules slated for January 2025. Big changes are coming!!!

Speaker: Alison Kaelin, CQA, Principal of ABKaelin, LLC

Former AMPP Global Center Board of Directors and SSPC Board of Governors.

For more than 35 years, Ms. Kaelin has been providing coatings, EH&S and quality services to the industrial coatings industry as a consultant, and industrial hygienist. She founded ABKaelin, LLC in 2013, where she delivers training, consulting and coatings inspection services for industrial bridge painting projects as a subject-matter expert for many clients. Alison is certified as an AMPP Senior Inspector (#3000) and ASQ-CQA. She was the principal technical editor for the SSPC (AMPP) C3/C5 curriculum and is currently a principal instructor for those courses. She is a JPCL and Coatings Pro contributing editor and has authored 50+ articles and two book chapters for ASM coatings publications. She has chaired multiple coatings-related committees for SSPC and AMPP and was the technical editor for the Lead Paint Removal Handbook. She is currently the Technical Advisor for the National Steel Painting Contractors Association (NSPCA). Previously, she was with KTA-Tator, Inc. for 20 years and served at the Allegheny Co. Health Dept. Bureau of Air Pollution Control, enforcing the first abrasive blast cleaning regulations in the country.
