Deadline to Register: Friday, May 9, 2025

Topic: Wire Connections in the Field; An Overview of Current and New Technologies

Speakers: Alison Durham – Business Development Specialist, Accurate Corrosion Control, Inc.

Alison is a Business Development Specialist at Accurate Corrosion Control, Inc. with over a decade of experience dedicated to the Cathodic Protection industry. Alison began her career with a focus on material sales, working with various organizations to develop effective solutions for pipelines, tanks, and marine structures. She is a certified pin braze instructor for BAC Corrosion and Electrobraze units.

In addition to her technical expertise, Alison has been a volunteer on the AMPP SoCal Chapter (formerly NACE LA Section) for 7 years having held each position. Alison also volunteers on the AMPP Western Area Committee, the Western States Corrosion Seminar Committee, and the Southern California Cathodic Protection Committee.
