☐ Interac Transfer

ACCURACY OF INFORMATION

I certify that, to the best of my knowledge, the information mentioned above is true and accurate, and I agree to the following terms: The Client agrees to settle the invoice under the following payment term: BEFORE DELIVERY. Any unpaid amount at the due date will incur interest at a rate of 2% per month, or 24% per year, including administrative fees. Goods remain the property of Fabrik & CO until full payment of the order has been received, but the Client will assume all risks of loss of the goods once they have taken delivery. The Client must notify the seller in writing of any non-conformity within 10 days after delivery, otherwise the order will be considered compliant. Goods returned without our authorization will not be accepted. Customizable products are non-refundable. In the event that Fabrik & CO accepts a non-conformity identified by the buyer, the goods will be returned and replaced at our expense. The Client hereby agrees to pay all collection costs and legal fees related to this account if such measures become necessary due to non-payment. The Client declares that they have read and understood all the terms of this account opening agreement.
