MASSI
HEALTH

BY MASSI INT

**US MARKET, EUROPE &
INTERNATIONAL SALES**

is a standard quality latex-free, powder-free, non-sterile disposable nitrile exam glove made with the latest technology to provide the most accurate feel and a good level of protection for general use.

Unique color for each size (S, M, L, XL).

Features

- Latex-free, powder-free, non-sterile disposable nitrile exam gloves
- Durable and puncture resistant.
- Hypoallergenic.
- Highly elastic and super soft.
- Easy donning with extra strength with a rolled rim.
- A natural rubber-like feel.
- Textured in finger tips for enhanced grip in all situations including touchscreen use.
- Suitable for food contact, including high fat, oils, etc.
- AQL 1.5

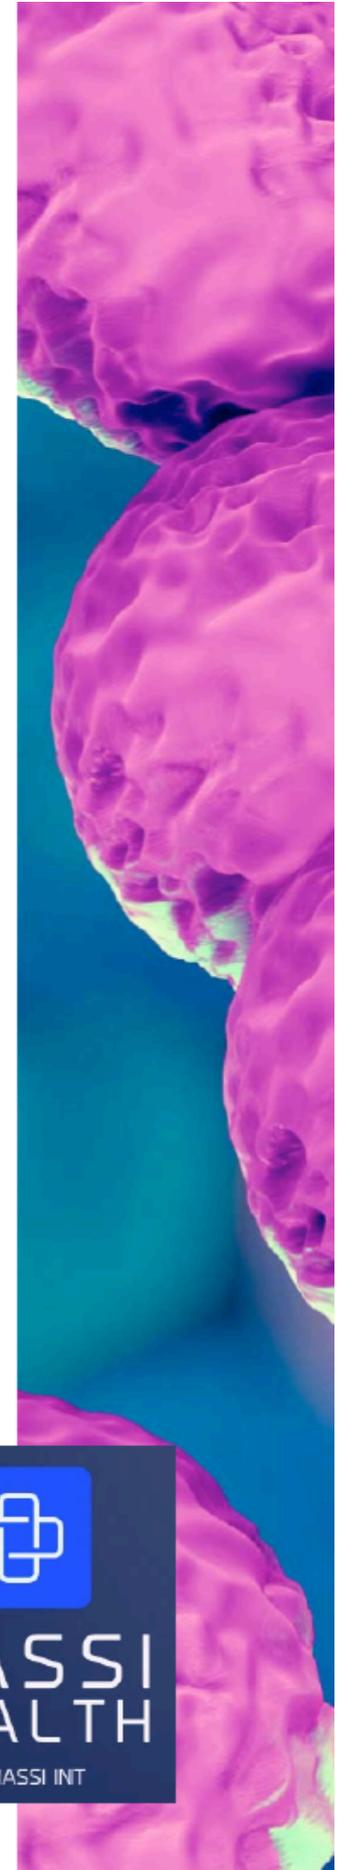

Quality Standard

- Complies with EN 455 and EN 374
- Complies with ASTM D6319

Technical Information

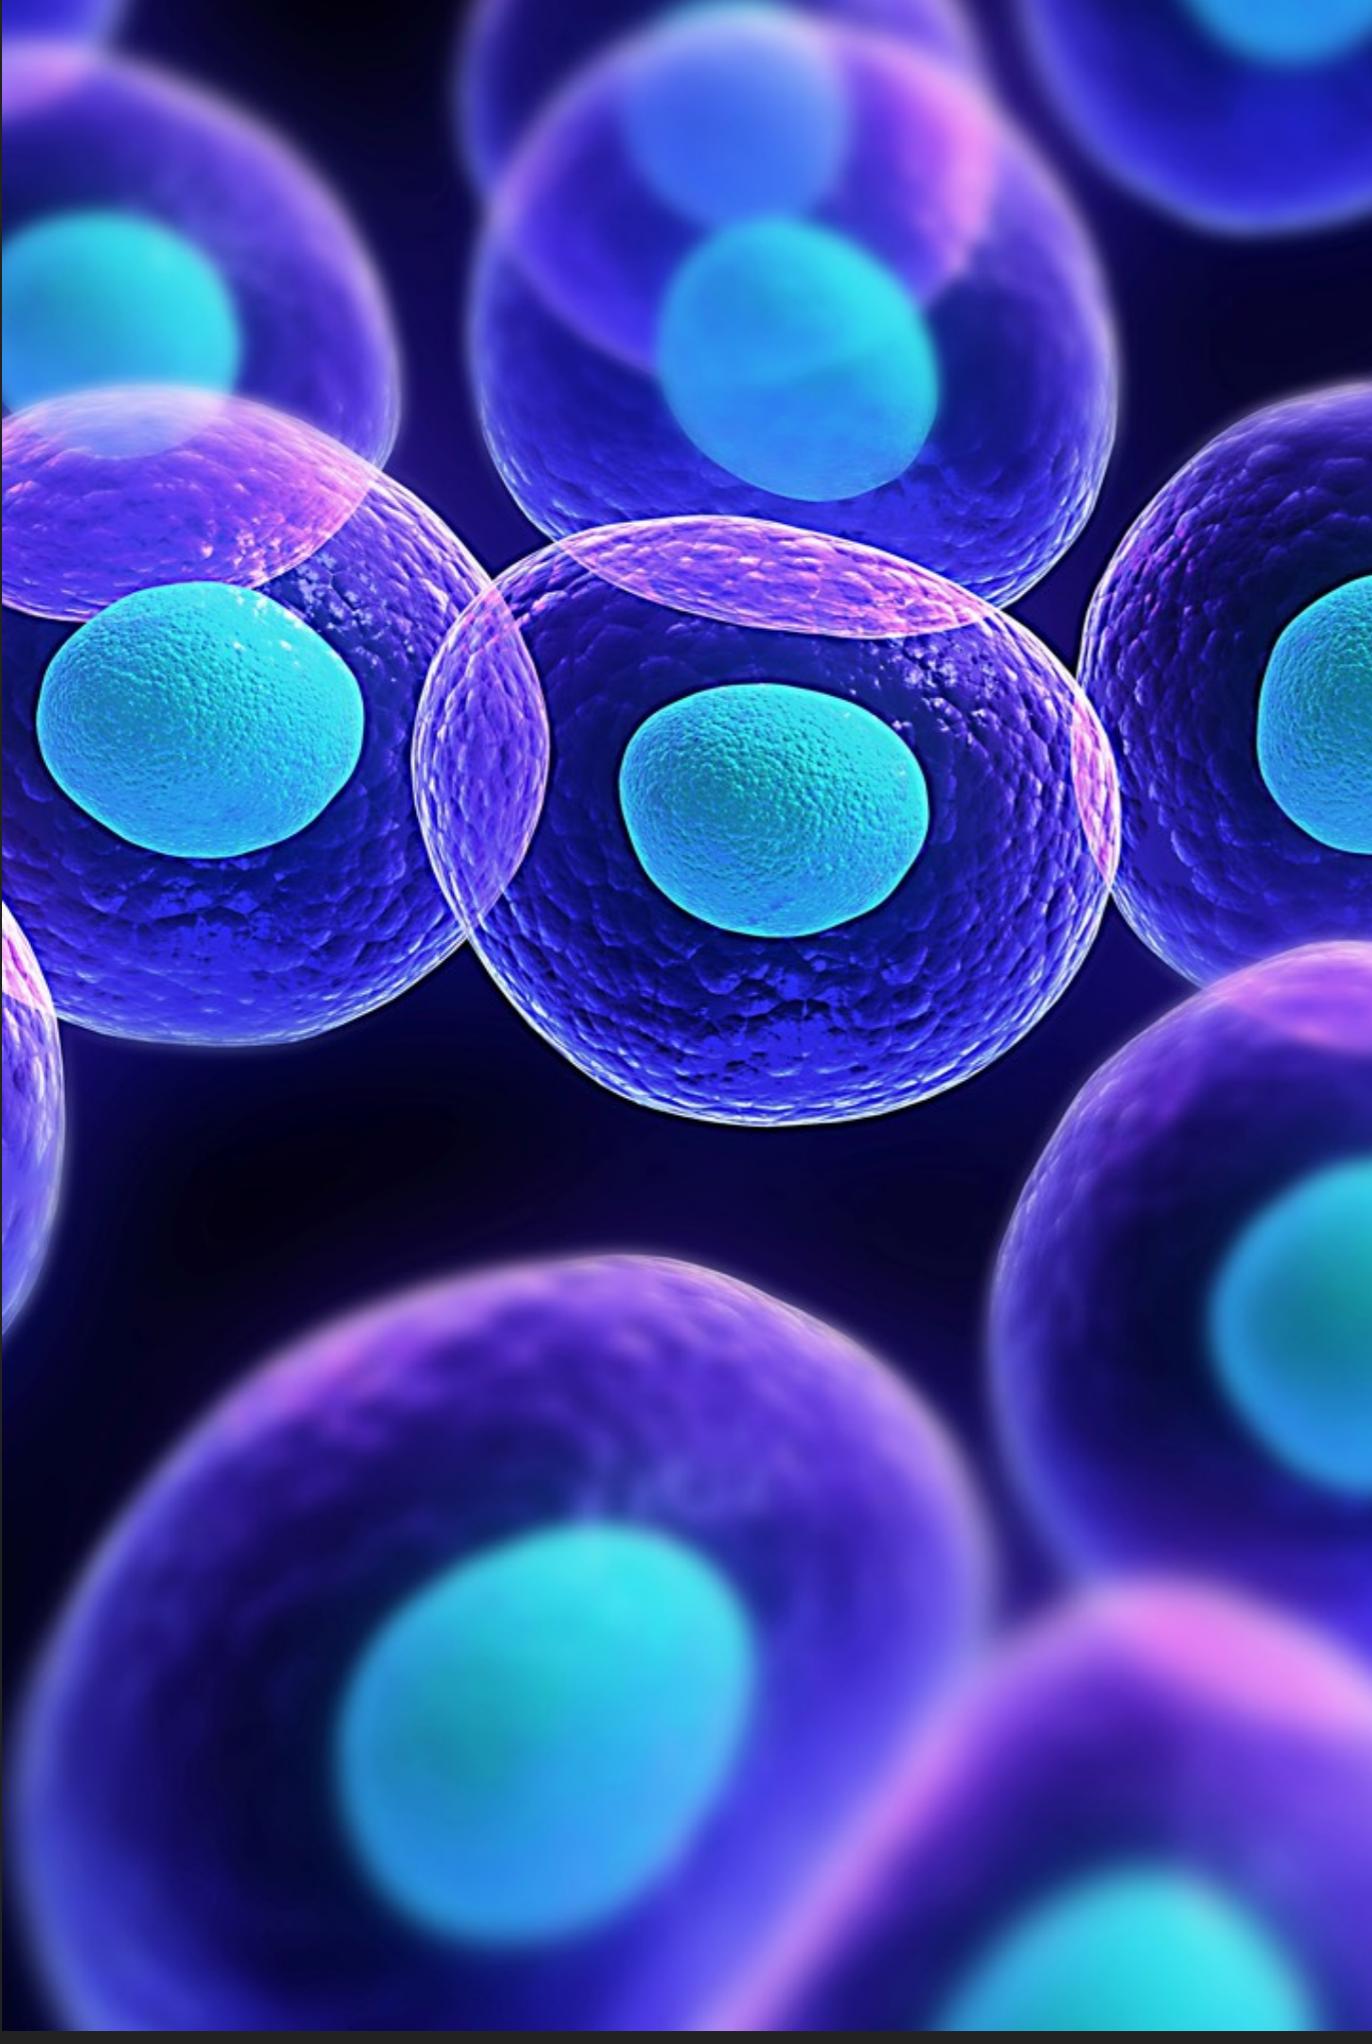

Type	Powder-free, Non-sterile
Material	Synthetic nitrile rubber
Colour	Blue
Model	Ambidextrous, standard length - beaded cuff
Size/overall length as per	S, M, L and XL 240 mm
EN 455-2	(≥230mm for USA)
Impermeability as per EN 455-1	AQL 1.5
Durability, in original package	Min. 2 years

BY MASSI INT

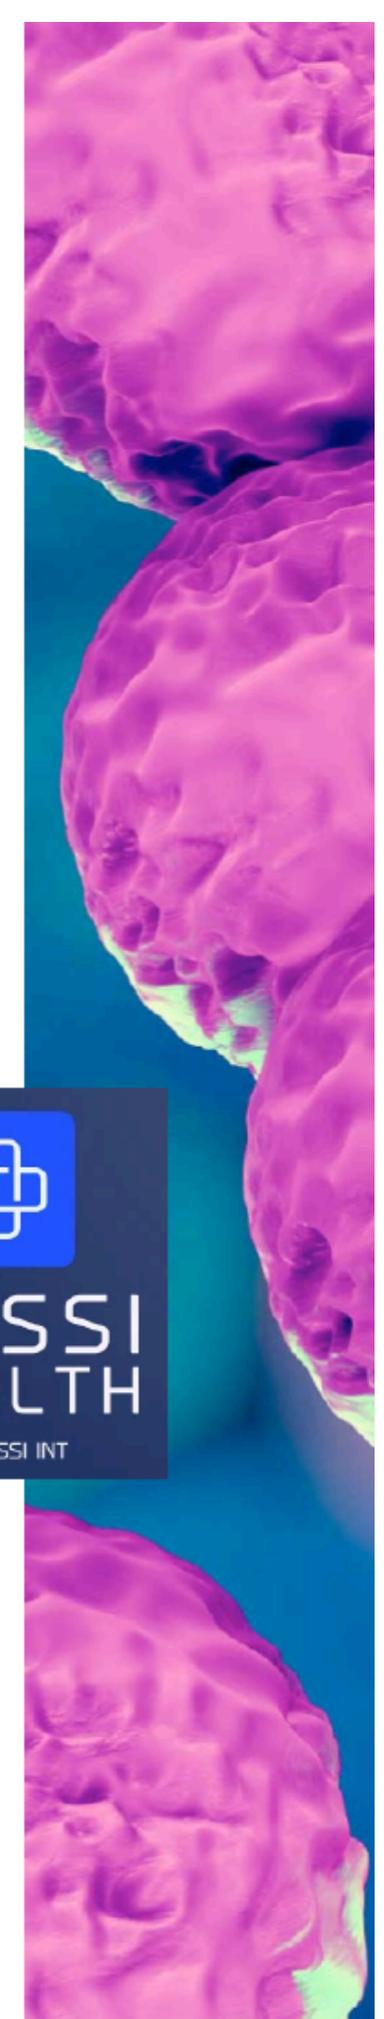

™Plus Bag Packaging Option: The gloves are sealed in low density, waterproof, high resistance, and fully recyclable bags with ziplock closure.

The bags can be easily opened and closed for multiple uses. The bag packaging has the added benefit of optimizing space utilization in shipping. (A standard carton can hold 12-14x100 glove bags per carton, versus only 10x100 glove boxes per carton.)

Bag packing options include:

1. 10 gloves per bag
2. 20 gloves per bag

Features

- Latex-free, powder-free, non-sterile disposable nitrile exam gloves
- Durable and puncture resistant.
- Hypoallergenic.
- Highly elastic and super soft.
- Easy donning with extra strength with a rolled rim.
- A natural rubber-like feel.
- Textured in finger tips for enhanced grip in all situations including touchscreen use.
- Suitable for food contact, including high fat, oils, etc.

MASSI
HEALTH

BY MASSI INT

The latest technology development in nitrile gloves brought to you by **PRO** is designed to provide the user with a natural and professional level functionality from their hands.

Standard nitrile gloves can limit user dexterity, sensation, and hand health but **PRO** is unique - **PRO** gloves are made with our custom **PRO** Nitrile Formula which is specially designed to provide the best protection for your hands while maintaining excellent sensation at the fingertips, great flexibility, high dexterity, and a silky smooth sensation to your palms.

The exterior textured fingertips also provide a high quality, non-slip surface for accurate and delicate procedures.

Unique color for each size (S, M, L, XL).
