

The mission of the
Youth Services Bureau - Empowerment for Community
*is to empower youth and families through transformative
programs that build confidence, resilience, and opportunity
for today and generations to come.*

FOR IMMEDIATE RELEASE

Youth Services Bureau - Empowerment for Community Launches Youth Advisory Committee

The Youth Services Bureau – Empowerment for Community (YSB) is excited to announce the creation of its new Youth Advisory Committee, allowing local students to share their voices, develop leadership skills, and help make a difference in their communities.

YSB is seeking 10–12 students from Huntington, Wabash, and Whitley counties who are entering 7th through 12th grade. Homeschool and online students are encouraged to apply.

Committee members will share their perspectives, offer recommendations on youth-related issues, and help inform others about YSB's programs, services, and initiatives. The committee will meet monthly, with a virtual attendance option available. Students interested will complete an application and participate in a scheduled interview.

The Youth Advisory Committee reflects YSB's mission to empower youth and families through transformative programs that build confidence, resilience, and opportunity for today and generations to come. By giving students a seat at the table, YSB hopes to strengthen its programs while encouraging youth leadership and community involvement.

Students interested in serving on the Youth Advisory Committee are encouraged to apply. For more information or to request an application, contact:
