

# joel stang & the **Weasels**

## **BIOGRAPHY**

Joel Stang & the Weasels are an Alberta-based alterna rock band blending gritty storytelling, nostalgic Canadiana, and emotionally charged musicianship. Their debut album, *Unfit to Practice*, explores burnout, addiction, complicated relationships, and the strange comedy of holding yourself together while everything else falls apart.

Rooted in honesty over polish, the band delivers a sound Joel describes as “Vaguely Folkish Alterna Rock” — a mix of angst, warmth, melody, and grit.

There’s an honesty to the album’s black, white, and grey aesthetic — a reflection of how Joel, who has dealt with color blindness all his life, has always seen the world, quite literally.

Backed by a tight-knit group of collaborators, the Weasels bring a raw, unfiltered energy to both recording and live performance — music that feels lived-in, human, and real.

## **UNFIT TO PRACTICE**

was independantly released on April 20, 2026 on all major digital platforms, and later that spring on vinyl and cd.

## **FOR FANS OF:**

Odds, Oasis, Sloan,  
The Watchmen,  
The Pursuit Of Happiness
