HEREFORD NIGHT

Dear Hereford Breeders,

Welcome to the National Hereford Sale – “Hereford Night in OKC”. We look forward to returning to Oklahoma City in 2022. Last year’s offering and sale was outstanding. The offering this year is even stronger.

The “Hereford Night in OKC” will once again offer elite Hereford genetics—bulls, females and herd picks. This sale in the past has proven to bring forward bulls that have left an impact on the Hereford industry. The 2022 sale will feature a few more bull lots than in past national sales—the offering this year is stellar. Females selected from this sale have found their way to many donor pens for breeders across the nation. Herd picks offer a unique opportunity for breeders to select proven genetics from leading Hereford operations.

The opportunity to select additional lots for this sale at the show will be available again this year. These additions to past national sales have added excitement and another valuable aspect for Hereford breeders to consider. This selection option for the “Hereford Night in OKC” sale is available for both the open and pen shows.

The consignors have been asked to bring their best to this sale and they have delivered on this request. We appreciate their commitment to make this sale offering a great one each year. We thank the consignors to past sales and the ones for this year’s event. They are the ones who have made this sale a great success.

Don’t forget to attend the Hereford Eve Sale in OKC on the evening before the National Hereford sale. This sale is slated for Thursday evening, January 6, starting at 7:30 p.m. and will be held at Embassy Suites Oklahoma City Northwest.

This sale annually offers some of the best frozen genetics this breed has to offer.

We would like to invite you to the 2021 National Hereford sale in Oklahoma City. If you can’t make it to OKC, the sale will be broadcast on [LiveAuctions.TV](#) and offers you the opportunity to bid via the Internet. Feel free to contact us with any questions or for additional information.

All the best,

Joe Rickabaugh

TERMS AND CONDITIONS: The terms of the sale are cash or check payable at the close of the sale and prior to load out unless previous arrangements have been made with the owner or sale manager. Animals will be sold to the highest bidder with the auctioneer settling any disputes. Announcements at the sale by the owner, sale manager or auctioneer will take precedence over statements in the catalog. Each animal becomes the buyer's risk as soon as sold, but will be cared for by the seller until load out or for a reasonable period of time. All transactions will be in U.S. dollars.

GUARANTEE: All cattle will sell under the suggested sale terms and conditions of the American Hereford Association.

HEALTH: Health of the consignments is excellent. Individual health papers will be furnished for shipment in the United States. All animals become the property of the purchaser at the time of sale and we strongly recommend that you insure your purchases. Bulls over one year of age have been fertility tested and will guarantee semen to freeze. Bulls have been trich tested. All sale cattle are P.I. tested negative.

INSURANCE: Insurance will be available the evening of the sale.

DELIVERY: Delivery costs and arrangements of sale animals are the responsibility of the purchaser. Sale personnel, consignors, exhibitors and various reputable trucking firms will be on hand to assist with transportation arrangements.

EPDS: The EPDs reported in this catalog are reflective as of Nov. 8, 2021.

ABSTENTEE BIDS: Absentee bids by persons unable to attend the sale may be placed by phone or mail with the sale management, AHA field managers or any of the sale staff.

PAYMENT: Payment for each lot in the 2022 Hereford Night in Oklahoma City sale is to be immediately after the sale. The buyers who choose to be billed need to make payment as soon as possible after the sale. Interest will be accrued on unpaid balances starting on February 15, 2022, at the rate of 1.5% per month, 18% annually.

HYFA FOUNDATION 1 CLUB: The AHA Board of Directors have approved to have 1% of the gross sales from the Hereford Night, OKC be given to the HYFA Foundation 1 Club.

Rausch Herefords

- Delivery available to TransOva located one hour from Rausch herd.
- This has been a feature lot in the National Hereford Sale for several years. When you look at the list of buyers who have taken advantage of this opportunity, it is pretty impressive.
- The buyer has access to all herd records, including HerdMaster records. The buyer may select from well over 1,200 polled and horned females. This includes all of the Rausch donors. Over 952 cows have qualified for the Dam of Distinction list since 1980. There were 34 new qualifiers this year.
- It is impressive to see all the cows, calves and sires in their natural breeding pastures. A full list of females will be provided prior to selection. Records can be sorted on any trait in the largest in-herd database in the breed.
- Full possession, plus right to flush. You may pick any female in the herd after calving and prior to breeding or during summer breeding season prior to weaning. Also have the right to purchase calf at side.
- Buyer to make selection by September 1, 2022.

- 002H is a dark cherry red power female. She had a WW ratio of 111 and YW ratio of 115.
- This deep, thick, stout made female has lots of style and look. She stood along side her dam as cow-calf champion at the 2020 Tennessee State Hereford Show. Her grandam, Dance 2042, is one of the top cows we have owned and topped our 2020 sale to Black Tiger Ranch, Cosgray and Fogelman at \$18,500.
- 002H has performance and maternal traits bred in. Selling here is a female that will carry any program to new heights.
- Bred AI 4/29/2021 to H B Distinct 0049H. Safe in calf.
- We are reserving the right to six (6) embryos from 002H at the buyer's convenience and sellers' expense.

- Freedom has been a stand-out since birth. We have never raised a bull that is this diversified. Because of his diversity, we feel he can be used across cows of all shapes and sizes and take each calf crop to the next level.
- Cosmetically he is perfect. He is smooth polled, has big red square hanging testicles, is red to the ground, and has two great big red eyes. Visually, he is robust in his build, has width to his chest, dimension down his top, and power through his hip and hindquarter.
- His paternal sister, pictured below, is amongst our best. Look for this bull to enhance the power and performance in his offspring along with enhancing the udder quality and mothering ability in his females. He truly gives you the FREEDOM to make one breeding decision that will enhance each cow he is mated to.

- A direct daughter of the cornerstone donor of the Lind program.
- H Odetta 001 ET and her progeny have been highly productive in the show ring and more importantly in the pasture and the donor pen. This female is a maternal sib to the Becky donor that sold through the Denver sale to Buck Cattle Company who has produced high sellers and champions for that program. Most recently the choice of the Champion Pen of 3 Females at Cattleman's Congress in 2021
- Bred AI 6/3/2021 to Pyramid DJF Influence 9156, confirmed safe. Shameless on the top side, Odetta on the bottom and Pryamid DJF Influence mating should work really well.

- Here is a combination of two great individuals who excels in both phenotype and genotype. This late February calf is a son of the great 45C cow that topped our January 2021 sale at \$87,500 selling to Cane Creek, Eichler Livestock and Steve Schneider. She is the dam of Prominent, Standout and Benton, making this bull a maternal brother to those great young sires.
- Pigmented with a great eye set, his EPDs for WW, YW, SC, Milk, M&G, CW and CHBS are ALL IN THE TOP 1% of the breed. In addition, his marbling is in the top 2% and REA in the top 3%. Use him to improve performance, milk and carcass numbers without sacrificing eye appeal.
- Delaney/Atkins will retain a full 1/4 semen interest in this young prospect.

Choice of Open Heifers

This year we are giving you the choice between two maternal sisters that have as much potential as a breeding tool as any we have ever offered. Sired by **Entice** and **Long Haul** these two heifers are out of our great **19Z donor**, a Dam of Distinction that has produced herd bulls and donor females used across the country. Delaney and Atkins reserve the right to 2 flushes on each of these heifers to be completed at the buyer's convenience and our expense.

- Homozygous polled with great depth and softness and tremendous width through her top and hip. Her EPD profile is outstanding with great calving ease, low birth weight and excellent growth and maternal traits. She is a full sister to two young bulls raised by Bruce Everhart who are gathering a lot of attention. Here is a combination of a great maternal look combined with an EPD profile that is hard to beat.

Combined with his all-star stats and breed leading EPD profile he will move your program to victory! His stats are impressive with top 5% for 12 traits and top 1% for 6 traits. When you have great numbers combined with an even better phenotype, you'll be sure to move the chains down the field.

Barnes Herefords

Selling pick of our Bull Pen or Heifer Pen.

- Barnes Herefords definitely stepped to the plate for their inaugural consignment to the National Hereford sale. Their donor pen is loaded with great donor females and combine this with the likes of Genesis, Benchmark and Z311-delivers a lot that you only find in the OKC Night Sale. Barnes Herefords has focused on genetics and EPDs that are on the cutting edge in the Hereford industry.
- The Barnes bull pen offers Genesis sons – three full brothers by a Validated daughter, one by a Leader donor and one by an Online female. The EPD graphs and pedigrees for this pen are impressive—you will enjoy the homework on this lot. CHB indexes across the board \$184, \$173, \$149 and \$141. Offering full possession and ¾ interest. Barnes Herefords retaining a ¼ revenue sharing interest in the pick of the bulls.
- The Barnes female pens secures sire genetics with Genesis, Benchmark and Z311. The donor dams bring Trust, 4020 and Revolution to the equation. If you were not impressed with the CHB indexes from the Barnes bull pen these four ladies post \$158, \$158, \$153 and \$149 on the board. Anyone thinking future donor? A pick of the Barnes female pen will deliver. Retaining one future flush (6 embryos) if the pick from this lot is a female.

Pick of Flush Sisters

One of the toughest decisions we have had to make is offering choice on this great flush of females. This set of females is what every progressive Hereford breeder is striving to produce. Exceptional phenotype with EPDs that are off the charts for growth an added carcass merit. These females are the future of DCF and the future of the Hereford breed. Sired by the popular bull 4013 that needs no introduction and out of the Validated donor, G16. A once in a lifetime investment opportunity to have the option to take any operation to the top.

- This heifer brings the pedigree, performance and pigment to the fore front. She has cow written all over her and her epd profiles solidifies this lot nicely. Combining the exciting new – “Genesis” with the proven Miles McKee on the bottom side produced a great one. This heifer posses great rib shape and muscle design. A stout female that has the reach, design, pedigree and numbers for a donor pen.

Innisfail FARM

Pick of Fall Born ET Calves (Bull or Heifer)

- A unique opportunity to choose from over 60 calves that represent what we believe to be 11 of our freshest, most exciting matings. These are genetics that truly blend carcass with style. Our fall ET program has produced the 2020 Mile High Night high selling bull, Energy 1837, the wildly popular 4013 bull, and Trademark 1939, ABS's latest addition to their Hereford battery.
- Selling full possession and 2/3 interest in the bulls and retaining one (1) flush with a minimum of six (6) grade one eggs at the buyers convenience and the sellers expense. Calf needs to be selected and picked up by Innisfail/Mead Sale weekend.

- We are extremely excited to offer you PICK of this deep set of bulls. Each bull brings a little something different to the table.
- 1030 is a big, stout rugged made bull that has a look. He is dark red with huge red eyes. His pedigree combines 2996 and Diversified. A maternal sister by Mandate is one of our top bred heifers.
- 1024 & 1037 are flush brothers by the JNHE Champion Bull, Chuma, and 4Z, a 719T daughter. These bulls remind us so much of their sire, being smooth made, big middled with a lot of power, and both are Homozygous Polled.
- 1070 is sired by Duncan out of a 2296 x P606 dam. Kendall showed a full sister to this bull this past year very successfully. He is the first polled Duncan we have had. He possesses a lot of thickness and top along with a balanced set of numbers.
- 1077 is a Perfecto 84F out of a Munson 2-year old daughter. He brings a wild set of numbers with a huge spread from BW to YW. He is dark cherry red, short marked and Homozygous Polled.
- Breeding cattle is a slow and methodical process that takes years to get all the pieces put together. We like to think of it as solving a puzzle. Let these bulls be a piece of your puzzle!
- Offering 3/4 interest, full possession.

Pitt Farms / Broken Rock Farms

Pick of Bred Heifers due with Heifer Calf Pregnancy

- Pitt Farms concentrates on breeding solid Hereford cattle with sound pedigrees and great EPDs. Quite an offering on this set of bred heifers all confirmed safe to BG LCC 11B Perfecto 84F sexed female semen. Study the pedigrees, look at the EPD graphs and then make your selection from this pen of bred heifers. All carry an AI service date, Lot 26A and 26C of May 20, 2021 (projected calving date February 26, 2022) and Lot 26B of June 20, 2021 (projected calving date of March 29, 2022). Anyone of these heifers would make a great addition to seedstock herds striving for advanced Hereford genetics and superior EPDs.
