Seller will take every effort to guarantee that every puppy from My Cavapoos is in good health at the time of adoption. Seller will not let a puppy go to its new home until Seller is certain that the puppy is ready for the trip to your home, has passed a veterinary health inspection has been dewormed multiple times, has received the first vaccination and is free from illness. The Puppy Packet includes a copy of both parent's registration papers and their health tests, the puppy's vaccination record, NuVet sample and puppy food sample.

It is **agreed** that this pup/s will never be placed in a shelter. Purchaser guarantees that they will work with seller or return this puppy to seller so a loving home may be found.

It is **agreed** that this puppy will be neutered/spayed by the age of 8 months and will not be bred. Purchaser agrees to take full responsibility at pick up date and agrees to establish a relationship with a reputable vet to keep up to date on puppy's health care.

We guarantee our puppies until the age of 2 for the known congenital defects affecting the Poodle and Cavalier King Charles Spaniel breed: (i.e. Mitral Valve Disease, Glaucoma, and Cataracts). Should the **PUPPY** be diagnosed with any of the genetically derived medical disorder mentioned above it should be attested by two unassociated veterinarians. If ever a replacement puppy is deemed necessary due to one of the above diseases, the replacement will be made at Seller's convenience, out of the next available litter bred by the seller. The replacement puppy will be comparable value to the purchased puppy. **NO REFUND** of money at any time, only replacement.

Condition for replacement

1. Notification: Two letters of unassociated veterinarians must be received explaining congenital defect.
2. Ownership: You must be puppy's original owner.
3. If puppy has not been neutered or spayed and is above 8 months old, this health guarantee will be void.

Be Aware:

- 1) While Seller will make a good faith effort to estimate the color, and the size of the puppy based on past litters and size of the parents, seller does **NOT** and **CANNOT** guarantee size, color, temperament or non-shedding since it is a hybrid breed.
- 2) Small puppies and dogs are very fragile and every precaution should be made in handling them. Their bones are tiny and they are easily injured. This contract is not applicable for accidental injury to the puppy.
- 3) Providing adequate exercise, training and human contact is a necessity in owning any canine.

The undersigned agree to uphold all covenants of this Agreements as of this day of _____
