About the Company

SGS Networks Sdn. Bhd. (“SGS”) is a specialty transport company dedicated to providing the best transportation service in Malaysia. A team of entrepreneurs started SGS Networks Sdn. Bhd. in early 1990s to serve the growing need for efficient and safe trucking facilities for a wide range of industries. A business that started off with one truck, the company has now expanded to keep pace with the rising need in the transportation industry. Evolving with the constantly changing requirements of today’s marketplace, SGS is committed to meeting any transportation need that may arise by offering specialised requirement of clients throughout Malaysia, Singapore and Thailand.

Initially operating in the heavy industrial area of Subang Jaya, SGS subsequently moved its operations to Shah Alam, the capital state of the state of Selangor, to further service the growing number of clients.

Why SGS?

Bespoke solutions to your needs

- With experienced drivers, we can provide bespoke services and deliver your specialised shipments in the most efficient and cost-effective manner
- Versatile and reliable trucking and transportation organisation that serves growing customer base with virtually every type of over-the-road trailer
- Curated advisory support and recommendations to match and optimise shipment requirements to the type of fleet

High quality and reliability of services

- SGS boasts a clean record of 30 years of delivering goods for customers and maintaining accident free status
- Comprehensive safety programme in place which includes regular vehicle inspections and maintenance, driver qualification and screening, and training sessions for our drivers and office staff
- Fleet is licensed for shipments throughout Malaysia
- Comprehensive cargo insurance coverage in the event of loss

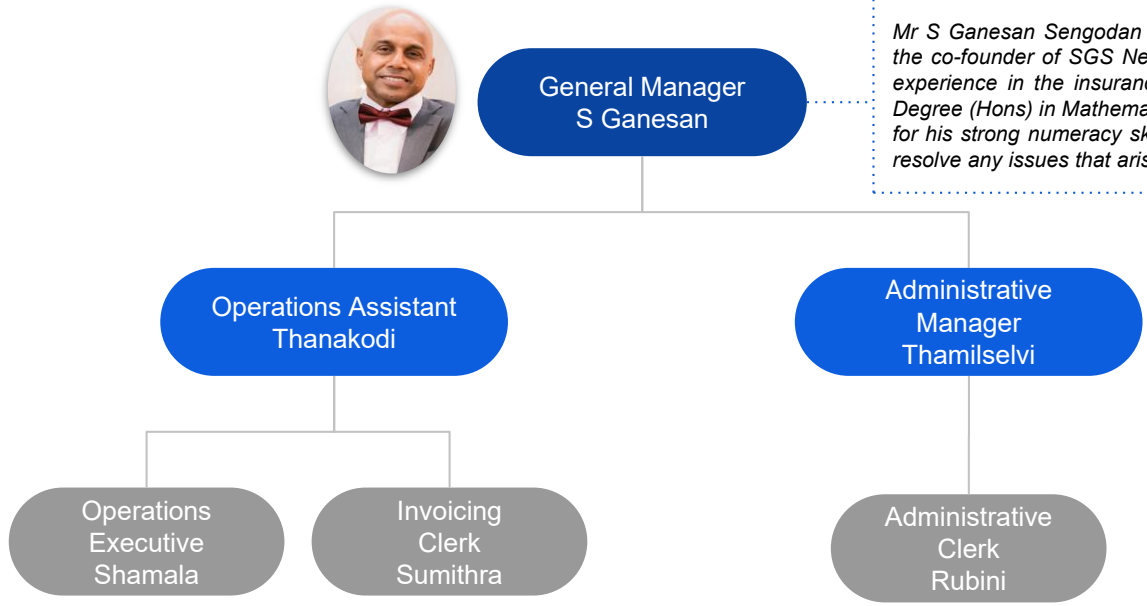

Dedicated customer support

- Dedication and the personal commitment of the owners of this business, which provides SGS' clients the assurance on the reliability of services
- Continuous support to ensure goods are delivered on time
- Complimentary site-visits* are conducted by the dedicated Operations team to ensure seamless service

**Site visits are conducted on case-to-case basis based on the nature of project and nature*

Organisation Structure

The foundation of the success of SGS is directed to the commitment of the employees of the business who are dedicated in ensuring the clients' demands and needs are met to their highest expectations.

Mr S Ganesan Sengodan has more than 20 years of experience in the logistics industry and is the co-founder of SGS Networks Sdn. Bhd. He possess vast knowledge and 15 years worth of experience in the insurance industry. He graduated with a Upper Second Class in Bachelor's Degree (Hons) in Mathematics from University of Malaya. Mr Ganesan is known among his clients for his strong numeracy skills and his ability to think logically, analytically and quickly in order to resolve any issues that arise during the course of the service
