

Music Practice & Assignment Notebook Instructions

Lesson Date:

Fill out the date of the lesson

Warm Up Exercises:

For Violin: Bow Exercises, I Can Read Music, Fiddle Magic, Fiddle Rhythms (for beginners), Introducing the Positions, Schradieck, Kreutzer, Carl Flesch, etc. (for intermediate/advanced)

For Piano: Technique & Artistry/Scales & Arpeggios, etc.

Assignments:

Fill out the box with whatever books, range of pages, and pieces you are currently practicing. In the “Focus On” section, you should write “Intonation”, “Rhythm”, “measures ____”, etc.

Teacher Comments:

If you are taking lessons in person, I will write my comments in this section. If you are taking lessons virtually, please write my comments in this section.

Practice Log:

Your Goal should be your lesson time + 15 minutes.

For each day, log however many minutes you practiced. If you didn’t manage to get it all done, that’s ok!
Have a parent/guardian initial each day after you have finished practicing.

Student Comments/Questions:

If something comes up during the week you don’t want to forget to ask me about, write it down here.
If something came up during the week preventing your practice time, write it down here. It will help you and I to be more gracious and understanding if you’re having a difficult week.

Notes:

This is a great place for logging more teacher comments, student comments and questions, etc. The 4 empty staves can be used for writing your own compositions, practicing your Treble Clef drawing, etc.
