

June 28, 1984

Greetings,

It is indeed a pleasure for me to correspond with you again so soon. For those of us who attended the annual Mt. Ebal Homecoming, I can say very confidently that it was a most meaningful time of worship and sharing. We look forward to next year with the great anticipation of seeing those that were unable to attend this year.

This year, much conversation and interest was directed toward the idea of a permanent shelter to cover our concrete tables. The big oak tree that has shaded us so well over the years has lost most of its' limbs. As I was searching around for a cool, shady spot in which to eat, the idea of a shelter had more appeal every minute that I had to stand in the hot sun. A permanent shelter would protect us from the elements and ensure that our picnic lunch will always be a part of the Mt. Ebal Homecoming activities, rain or shine.

The estimated cost of this project is in the \$4000 to \$5000 range. If there is enough interest, we may be able to have the shelter constructed before the first Sunday in June, 1985.

Contributions for this special project should be mailed to our Treasurer, Pete Sexton.

Mail to: Mt. Ebal Association  
C/O Mr. H.H. "Pete" Sexton
