

Understanding the Steps of Polymerase Chain Reaction (PCR) Lewinsky/Clinton Scandal

1) Explain the PCR procedure for DNA typing.

2) Go to <http://law2.umkc.edu/faculty/projects/ftrials/clinton/lewinskydress.html> and read the article on the "The Stained Blue Dress". Summarize it below.

3) Explain what evidence was found and how it was collected.

4) What was the FBI's conclusion regarding the analysis of the dress?

5) Explain the statistics of the report. What are the chances the stain belonged to anyone else but Bill Clinton?
