

# Day of Racial Healing

## *Informational Meeting*

### What Is the Day of Racial Healing?

In 2020, the County of Santa Clara recognized that there is a racial divide in our country, and commemorated January 2020 as a month of Racial Healing in our community.

The guiding healing vision stems from community and collaboration: "All people who live and work in the County of Santa Clara should have a sense of harmony, inter-connection, and personal well-being with all their relations in their home, employment, and communities."

The Santa Clara County Office of Education is partnering with the County of Santa Clara Office of Cultural Competency to invite educators and community members to attend and join in the movement!
