

April 29, 2026

10:30-12pm

Zoom

Attendees:

Virtual warm-up: If you could pick up a new skill in an instant, what would it be?

Time keeper: Julie

Note/minute taker:

Process observer: Jenée

- Warm up (5 min)
- Updates: (10 min)
- Member Summit Debrief:
 - Good opportunity to connect with experts from our partner schools
 - Need more time with partners to learn the detailed requirement and what courses are accepted for each program like EMT and rad tech
 - FHC: EMT - first come-first serve, Community Healthworker - application process, Dental Asst. - point-based?
- **Follow Up & Finalize EMT & Phlebotomy Pathway Stage One** (Increase CTE outreach/opportunity information through the TST, CTE Coordinators, and teachers;)
 - Teacher One Pager
 - Phlebotomy - easy to read format, format allows for easy updates, Can we hyperlink to keep info and class schedules current? (De Anza working on block schedule/timetable)
 - Brit: reach out to dean, chair, faculty for comment on this document. Start the conversation. Potentially the next step could be saved seats. Provide adult ed/NSCCC background for the ask. CC Jenée if that would add value.
 - EMT
 - Janie: reach out to dean, chair, faculty for comment on this document. Start the conversation. Potentially the next step could be saved seats. Provide adult ed/NSCCC background for the ask. CC Jenée if that would add value.

Educate vs marketing - Goal is to inform students on options available to them

- Team members will disperse it to teachers for input & bring back to CTE team

- Teacher & Student Flyers (going in newsletter)

Train to be an EMT @ Foothill College!

What is an EMT?
An Emergency Medical Technician is someone trained to deliver basic life support and emergency care in the moments that matter - using skill and compassion to make a difference. It's hands-on, fast paced, and impactful.

Why become an EMT?
EMT training opens the door to careers in emergency response, hospitals, and the fire service - and can lead to advanced pathways in paramedicine, nursing, and other healthcare fields.

Need Help? Contact your transition advisor today!

How long is the Program?
EMT training takes 3 quarters-one class per quarter

Who is eligible?
Students must turn 18 before the start of the 3rd quarter

How do I start?
Complete a free application and register for Emergency Medical Response: EMS 50 OR noncredit EMS 400

When are classes offered?
EMT classes start every quarter
