

# Data Workgroup Minutes

January 11, 2022

2:00 - 3:30pm

online

Attendees: Karen F, David U, Lori R, Julie V, Tom K, Valerie F, Florence, Anthony M, Cindy, Peter C, Wendy, Felisa, and Jenée C

- (2-3 pm) PC Presentation

David, Peter, and Wendy gave an introduction/overview of where we are at with the Precision Campus (PC) rollout. Although PC is still on the “Developmental” side, it is just about ready for beta testing.

David, Peter, and Wendy will demonstrate PC the full LB at our January (1/19/22) meeting. The Data WG and David came up with the following strategy for the LB meeting.

- (3-3:30pm) Develop agenda for PC presentation at next LB meeting

## PC agenda for LB meeting

- (15 min) overview of platform- including cohort tracking feature
- ( 20 min) Work through two questions:
  1. What Foothill/ De Anza classes are FUHSD/MVLA/PAAS ESL students taking?
  2. Of FUHSD/MVLA/PAAS HS Equiv and HS Diploma students attending FH and/or De Anza, how many are persisting over the following academic year? (persistence= returning to the district)
- (15 min) Questions and Data WG recommendation for the LB:
  1. WHO: Who has access to PC? : Keep it small– 5 voting members of the LB and their Data WG rep.
  2. WHAT: What questions are driving how the consortium will utilize PC? Develop three questions for the Data WG and each agency to focus on in the 3 year plan /annual plan each year. This can be one of our strategies.
  3. HOW: How will we have consistency of use? Small access to PC. Develop a manual of use. Use the annual plan questions as a starting place to construct the manual.
  4. WHY: help consortium support their students and meet CAEP outcomes

I think we might need 50 minutes for this section of the meeting.
