1. LB final feedback on Passport
 - Add place for CASAS Score
 - Add place for dual enrollment
 - create a Passport guide/directions for transition advisors/counselors and for the NSCCC Manual (manual is an activity for the next 3 yr plan)
2. Start flushing out the SS WG Activities Doc for the 3 yr plan:
 - Activity #2.1B: Increase the overall academic support students receive: Tutoring and Early Alert
 - Activity #3.1C: Increase students Access & Participation in CTE pathways (SS WG lens)
 - Activity 3.2A: Increase Students' efficacious transition to post-secondary and employment

Before the next meeting, please look at the Activities doc and start thinking about the following things:

1. The objective of the activity (the what)
2. The rationale of the activity (the why)
3. Tasks that will accomplish the activity
 - in 12 months
 - in 1-3 year
 - in 3-5 years
4. What (if any) other WGs or partners/stakeholders will need to be involved (& when) to accomplish the activity?

It would be ideal for me to be able to bring a rough draft of these 3 activities to the next LB meeting on 4/27, thank you.
