

### **Strategy #10, Leveraging Resources**

***By August 31st, 2019, create a resource database of local consortium program contacts and services to be used for student support as well as a marketing tool with an info-graphic. Publish the info graphic for stakeholder access (program contacts, services, counselors, and marketing items) and put this data on the website. Produce in hard and soft copy by the end of winter quarter 2019-2020. [Work Group: Student Support]***

The resource page of site staff and services offered at all five agencies has been created by Dave Capitolo and Adrienne Moberly.

The Work Group decided this was sufficient and an info-graphic is not needed at this time.

It has also been decided that using 211 is more efficient than trying to update a list of resources for students since they change so often, though the resource list used for the three year plan is available on our consortium website: <https://www.NSCAdultEd.com>

Next Steps:

February:

- Confirm this is ready to go on the website
- Identify location this should go to on the website
- Director load to website

September 2020, 2021, 2022+

- SSWG will update any changes to lists
- Director will reload to website
