many skill levels. For almost 40 years, our focus has been to provide top quality playing surfaces, junior and adult player development programs, and fun social activities. The Club is a member of the Foundation of Carson City Parks & Recreation (FCCPR), is designated a Community Tennis Association, and is a member of the USTA. The Club cooperates with Carson City Parks Department to maintain quality public courts at Centennial, Mills, and Ross Gold Parks. The Club serves the community by organizing drop-in play, tournaments, and clinics for juniors and adults. The Club e-publishes a Member Directory to assist members in finding fun tennis partners and opponents. The Club furnishes a ball machine with practice balls to members.

By becoming a donor, you contribute to the continued maintenance and improvement of local public tennis facilities and promote the game of tennis in Carson.
