Rules and Regulations Policies and Procedures

Revised September 26, 2025

Welcome

The Board of Managers of Mariners Point Condominium Association (MPCA) welcomes you to our community and hopes that you will become actively involved in our Association. The MPCA Board of Managers serves as your voice in overseeing the management of the Property. Our community Association lifestyle is successful because Owners have volunteered to take turns serving on the Board and have cooperated with each other. Collaboration, common sense, good planning and a spirit of doing what's best for the entire community prevails. Individual rights giving way to the best interests of the community is the foundation of a successful Association. This booklet contains the rules and regulations established for all respective unit Owners or Tenants. Please review this booklet carefully and keep it handy for future reference. Also, please read the ***MPCA Declaration of Condominium Ownership*** and the ***Bylaws of Mariners' Point Condominium Association***. These two documents, along with the enclosed Rules and Regulations, are the governing documents to which we must all adhere. They are available on our website marinerspointcondos.org.

The condominium Property is comprised of 97 units located in 5 buildings. The roadways are private and therefore are maintained by MPCA. The Association also maintains a master insurance policy in accordance with the requirements established by the ***MPCA Declaration***, and unit Owners and Tenants are responsible for obtaining insurance for personal effects and liability.

As a private condominium Property, we elect and are governed by a Board of Managers. An Annual Meeting of the Owners takes place in July. The Board is required to meet four times a year, with these meetings usually occurring in March, June, September and

December. The Association updates Board meeting dates and times on the Mariners Point website. Unit Owners are always welcome to attend during open Board meetings.

The Board of Managers employs a Property Manager to be responsible for the day-to-day operations of our Association. (Please see MPCA Phone List for contact information.) The Board relies upon the Property Manager to handle all communications by and between the Association's Owners, contractors and vendors. If you have questions or concerns about the maintenance of the Property, please direct your inquiries to the Property Manager.

The Board requests and appreciates your cooperation in respecting that **Board members are not employees and should not be contacted directly** on Association related matters outside of the Board meetings. **Board members are not individually responsible for resolving MPCA matters** and can only decide on issues brought to their attention by the Property Manager. The only exception is that Owners should send a letter directly to Board members concerning problems with the Property Manager. Again, all other communications must be directed through the Property Manager to assure that your concerns and questions are properly addressed in a professional and timely manner.

Mariners' Point offers beautiful lakeside living in a well-maintained, family-oriented community environment. Please do your part to ensure that Mariners' Point remains that way for many years to come.

MPCA Definitions

A. Unit

The Unit is defined as everything within these boundaries of the individually owned condominium unit built and installed for the exclusive use of said Unit. This is "home sweet home." It is the owner's responsibility to repair and maintain his/her Unit.

B. Common Areas

The Common Areas consist of everything but the individually owned condominium Units. All the Unit Owners own these areas together. Examples include roofs, lawns, parking areas, wood walkways and stairs, flower beds and all other mulched area, sidewalks and foundations. The repair and maintenance of all Common Areas is done at MPCA's expense except as otherwise explained in the ***Rules and Regulations***.

C. Limited Common Areas

Certain parts of the Common Areas are built and designed specifically for each individually owned condominium Unit. Examples include patios, balconies and concrete pads for placement of air conditioning equipment serving only one Unit. Other items include doors and windows. These are designated "Limited Common Areas" because, although they are owned by all Unit Owners together, they are private and serve only one Unit. Maintenance and repair are the responsibility of the individual condominium owner. For example, the maintenance of the private balcony of a Unit is the owner's responsibility and expense. However, MPCA has the right to dictate what color the deck railing is to be painted or stained.

D. Unit Owner (from the Declaration)

Any person who owns a Condominium Unit.
