

A Resolution: Urging GA Legislature to ban ESG

WHEREAS, Environmental, Social, and Governance (ESG) has the goals of control, power, and one world government; and

WHEREAS, the federal government, in violation of the 10th Amendment, and big business are pushing ESG into big tech, private business, and NGOs; and

WHEREAS, enforcers of ESG apply scores, where a negative rating disqualifies consumers and companies from exchange of goods and services; and

WHEREAS, ESG is a necessary step toward globalism, socialism, totalitarianism, and finally communism; therefore

BE IT HEREBY RESOLVED THAT the Delegates of this Convention urge the Georgia Legislature to pass legislation that bans any use of ESG and its suppositions and principles; that prohibits state contracts with companies that comply with ESG; that prohibits state pension funds from being used with ESG; and that enacts a "Fair Access to Financial Services Act" to protect consumers.

BE IT FURTHER RESOLVED THAT the Secretary of Georgia Republican Party Convention is directed to immediately transmit an appropriate copy of this resolution to the Chairman of the Georgia Republican Party and to all elected Republican officials in the Georgia Senate and in the Georgia House; to the Honorable Brian P. Kemp, Governor of the State of Georgia, the Honorable Burt Jones, Lieutenant Governor of the State of Georgia, and to the Honorable Jon Burns, Speaker of the House of Representatives.
