

A Resolution to enact a Fair Tax Code in Georgia

Whereas Georgians request GA Legislators generate a FairTax Code that would:

- Eliminate state income taxes on households and businesses
- Eliminate filing State income tax forms
- Include a monthly prebate check, according to family size, for payment of taxes for basic goods and services up to the poverty level
- Tax new retail goods and services only at point of sale

WHEREAS the FairTax delivers a consumption tax which generates sufficient funding required for the operation of State Government; and

WHEREAS the Fair Tax broadens tax bases to capture underground economies; generates new businesses; creates investment to grow Georgia's economy; allows Georgians to keep all of their paychecks, except federal deductions; and

WHEREAS tax collection is established, simple, fair, and transparent; and

WHEREAS, other states have or are considering similar tax structures, therefore

BE IT HEREBY RESOLVED delegates of this Convention request Georgia Legislators generate a FairTax collection system and repeal the current tax code.

BE IT FURTHER RESOLVED THAT the Secretary of Georgia Republican Party Convention is directed to immediately transmit an appropriate copy of this resolution to the Chairman of the Georgia Republican Party and to all elected Republican officials in the Georgia Senate and in the Georgia House; to the Honorable Brian P. Kemp, Governor of the State of Georgia, the Honorable Burt Jones, Lieutenant Governor of the State of Georgia; and to the Honorable Jon Burns, Speaker of the House of Representatives.
