"Paving a new path to learning, creating new possibilities and potential"

Presents

It has been written that once upon a time, trainers shackled young elephants with heavy chains to deeply embedded stakes. In that way, the elephant learned to stay in its place. Reportedly, older elephants never tried to leave even though they had the strength to pull the stake and move beyond. Their “conditioning” limited their movements with only a small metal bracelet around their foot—attached to nothing.

At E. H. Mott Learning Center, we work to reduce and/or remove barriers that constrain. We help learners break those “chains that bind” so they learn to live their best life!

The elephant is our spirit symbol. It is symbolic of our authority to change our outcomes.

Like elephants, learners at E. H. Mott Learning Center are encouraged to acknowledge their innate wisdom, endurance, and strength to confidently and steadily weave through their life journey aware of their power to

DREAM.
BELIEVE.
ACHIEVE.

We Believe in
Miracles

Everyday holds the
possibility of a *miracle*.

Rebecca Hintze

Every child
IS UNIQUE,
therefore their
EDUCATION
should be also.

*"Each child is a miracle filled
with endless potential, heart,
love and their own spirit."*

*When God
steps in,
miracles happen.*

The
Story
Starts
Here.

At E. H. Mott Learning Center miracles happen each day!

THE LIFE & TIMES OF MRS. EUDEEN HAMER MOTT

She became a beacon of light, truth, and beauty for many.

Eudeen Hamer Mott

was born on December 3, 1947, in Winona, Mississippi. She was the 8th of 10 children born to Willie and Classie Louise (Whitehead) Hamer.

Eudeen grew up in Gary, Indiana. She graduated from Gary Roosevelt High School in 1965. Throughout her childhood, Eudeen demonstrated the characteristics that helped everyone around her know that she was destined to do great works. The mere uniqueness of her name complemented the innate knowledge, skills and abilities that would mold her to become a remarkable success - EUDEEN (Emotionally intelligent; Unwavering supporter; Dedicated to excellence; Eager to have influence; Empowering; and "No" was never the right answer).

Eudeen began working early in life. It was important for her to help provide financial support to her family. She worked a variety of jobs here and there, but after about five years of working as a secretary at United States Steel -Gary Works, Eudeen left that "good-paying" job at the steel mill to go to college, as she had a sound idea that she was to become a TEACHER. (No doubt, Eudeen was the oldest college freshman on the campus of Purdue University! No matter, she was a proud and persevering Boilermaker, determined to live out her dream). Eudeen continued her studies at Indiana University where she received a Bachelor of Science in Elementary Education (1974) and a Master of Science in Elementary Education (1978).

Eudeen began working as a professional teacher in 1974. Her first assignment was at Edison Middle School in Gary, Indiana (1974 to 1978). She later relocated to Florida and worked in the Broward

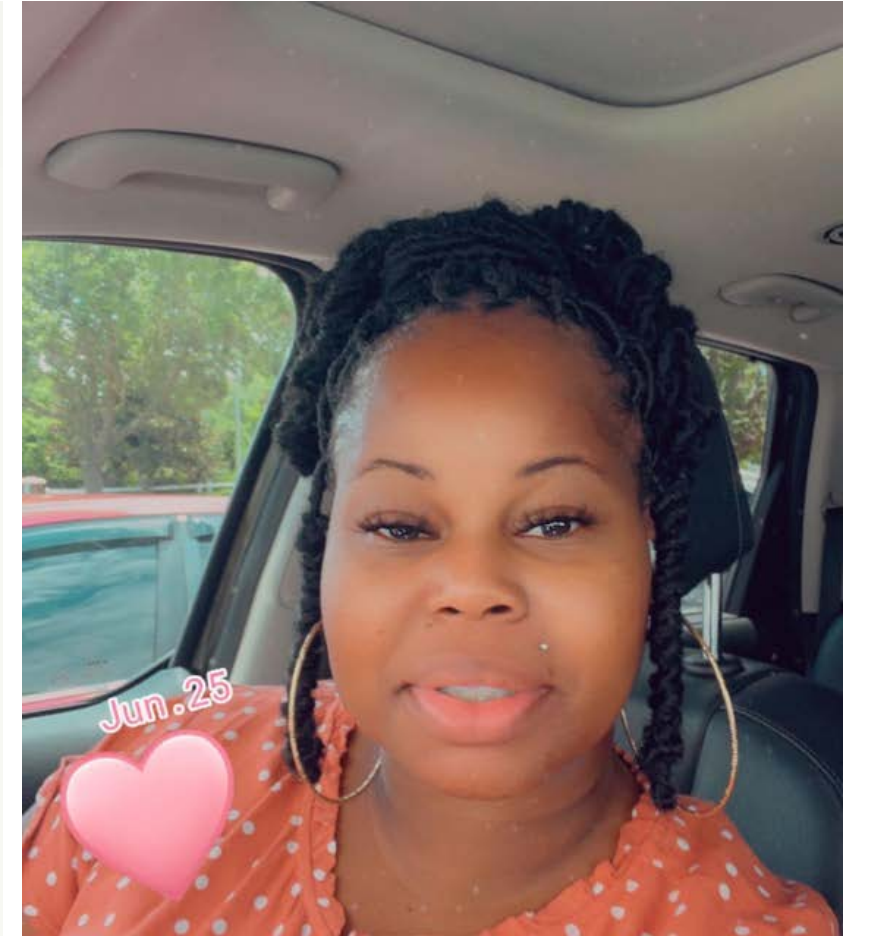

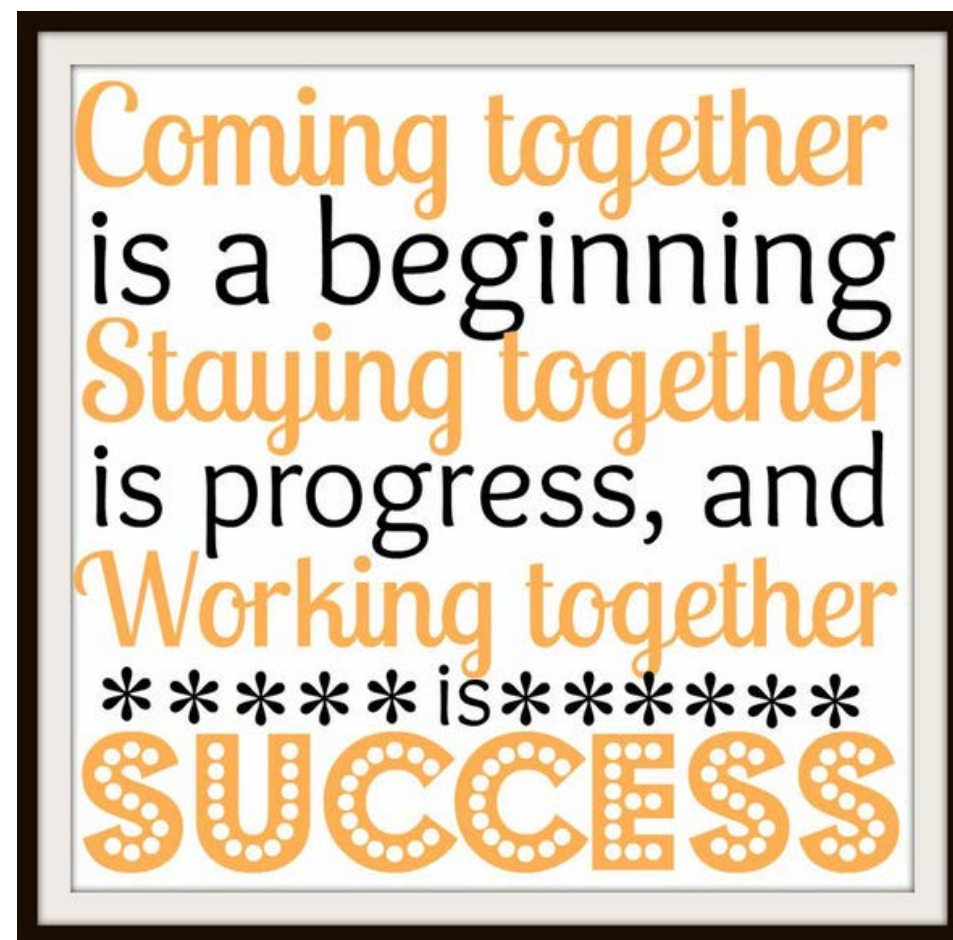

"Mrs. Mott had true compassion for her students, co-workers, friends, and family. She dedicated herself to excellence and expected nothing less of others. She had a well-defined, purpose driven life and exercised her right to live her life 'on her own' terms."

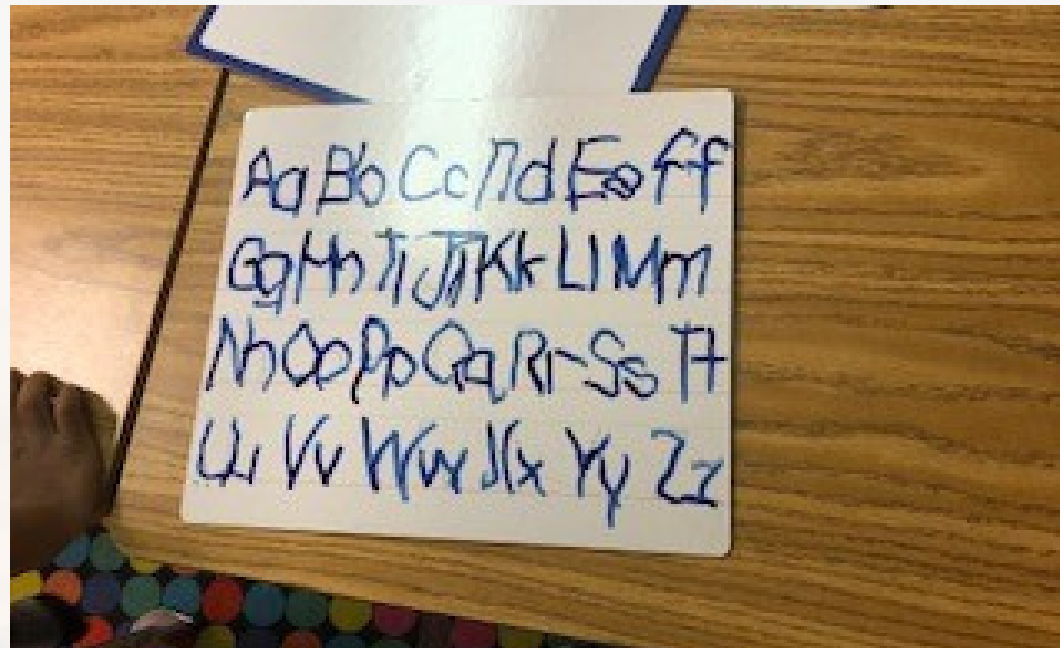

County Public Schools system (1981 - 1990), and the Orange County Public Schools system (1990-2010). For her exemplary dedication and professionalism, she was saluted as "Teacher of the Year" at Banyan Elementary School (1983-84); "Teacher of the Year" at Windermere Elementary School (1992-93); and while at Lakeville Elementary School, she was one of the recipients of Disney's Teacherrific Award, first in 1993 and then again in 2000, sharing this top title along with several other phenomenal educators, for their spotlighted railroad museum. After more than 26 years of molding and mending young minds, Eudeen retired while serving at Wolf Lake Elementary School in Apopka.

Eudeen met her husband Clarence while she was on vacation in the Bahamas in the mid 1970's and they married soon after in 1976. They lived in Fort Lauderdale for many years, often traveling back & forth to the Bahamas during this time, cementing her love of the people, the food, and the music. They later moved to Central Florida and built their lives around each other, their family, friends, and beloved dogs. Mrs. Mott, who was a long-time resident of Apopka, FL, passed away at age 66 on August 8, 2014, at Florida Hospital Orlando.

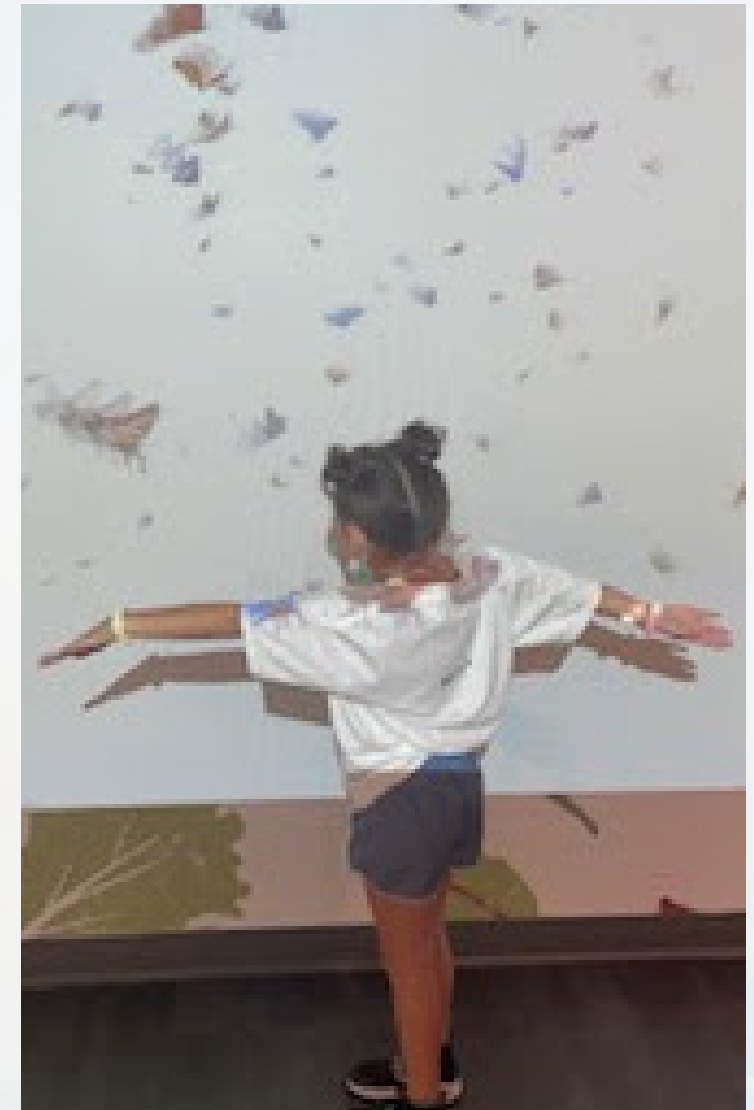

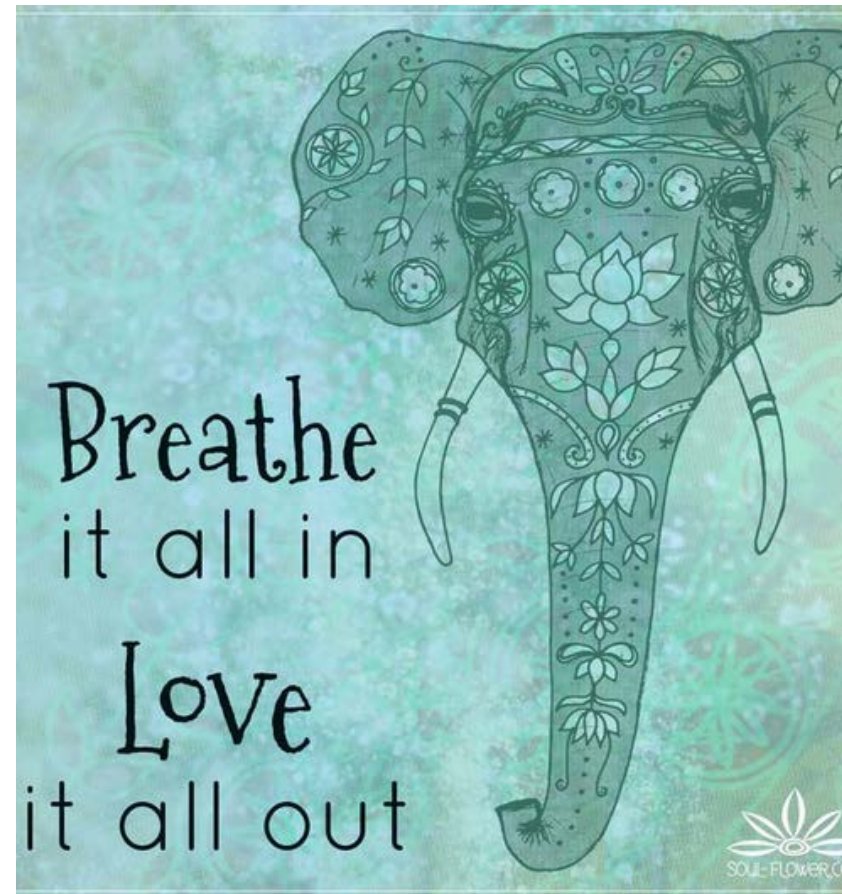

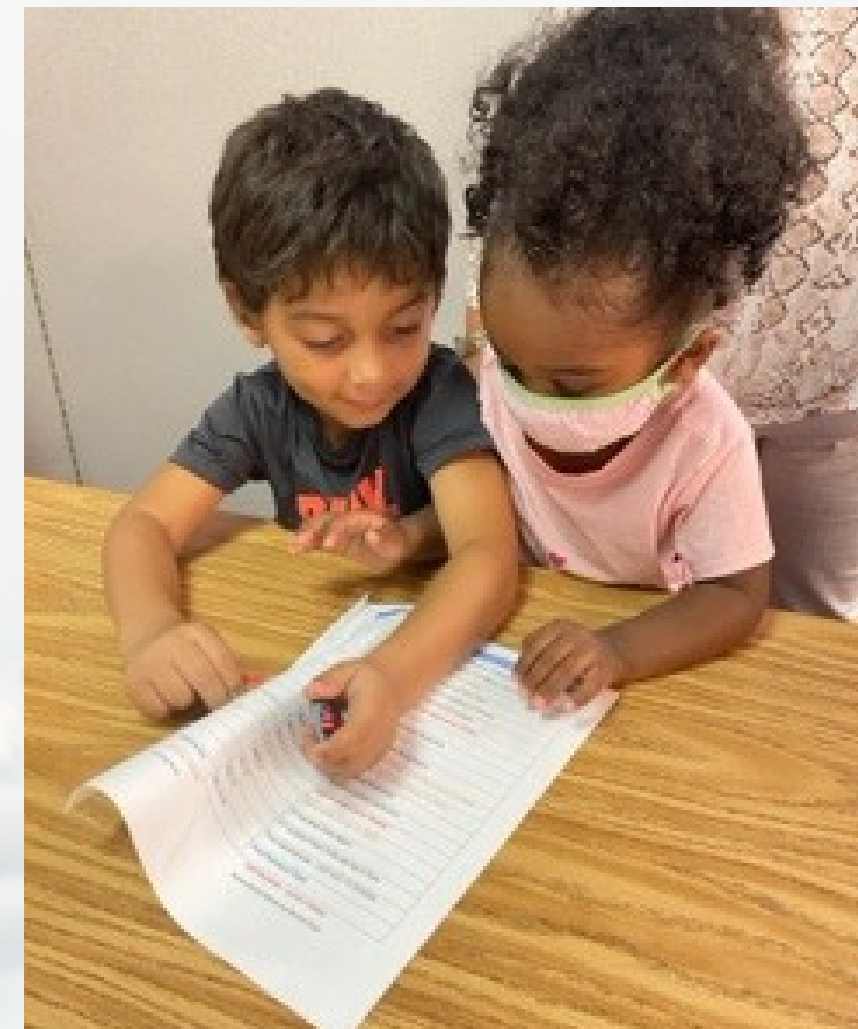

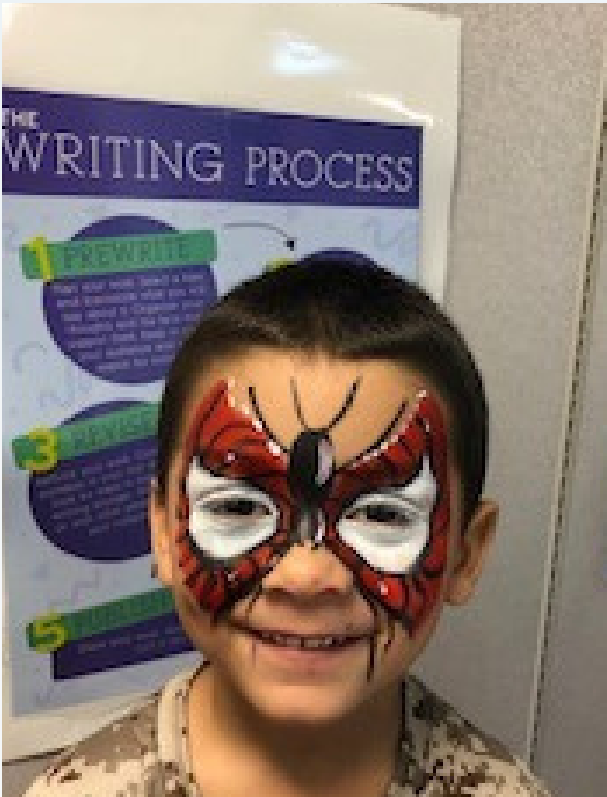

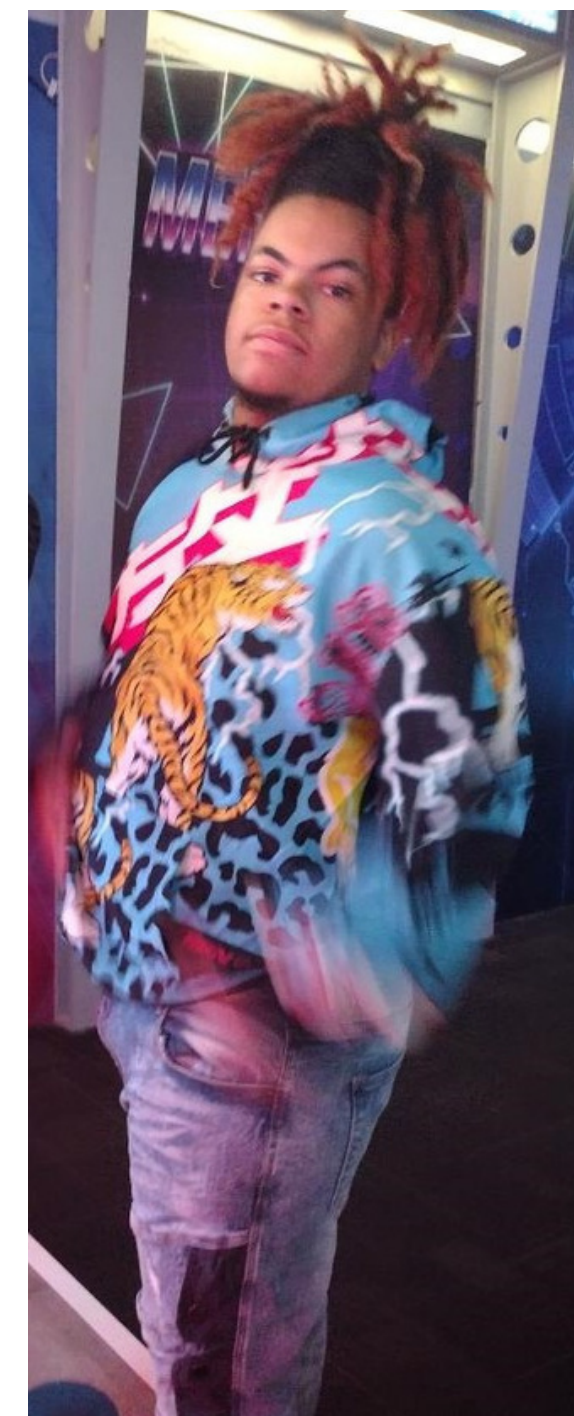

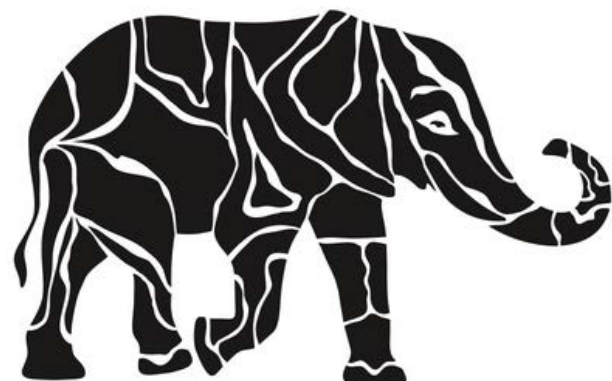

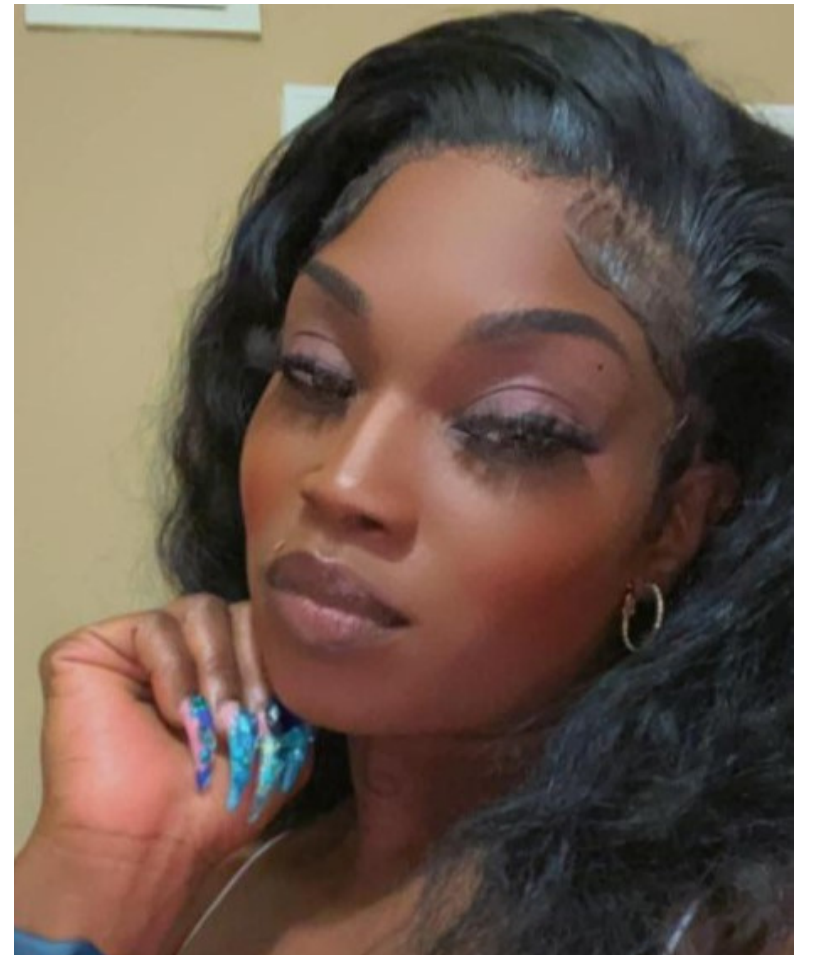

I'd rather look back
at my life and say
"I can't believe I did that!"
Instead of sayin,
"I wish I did that..."

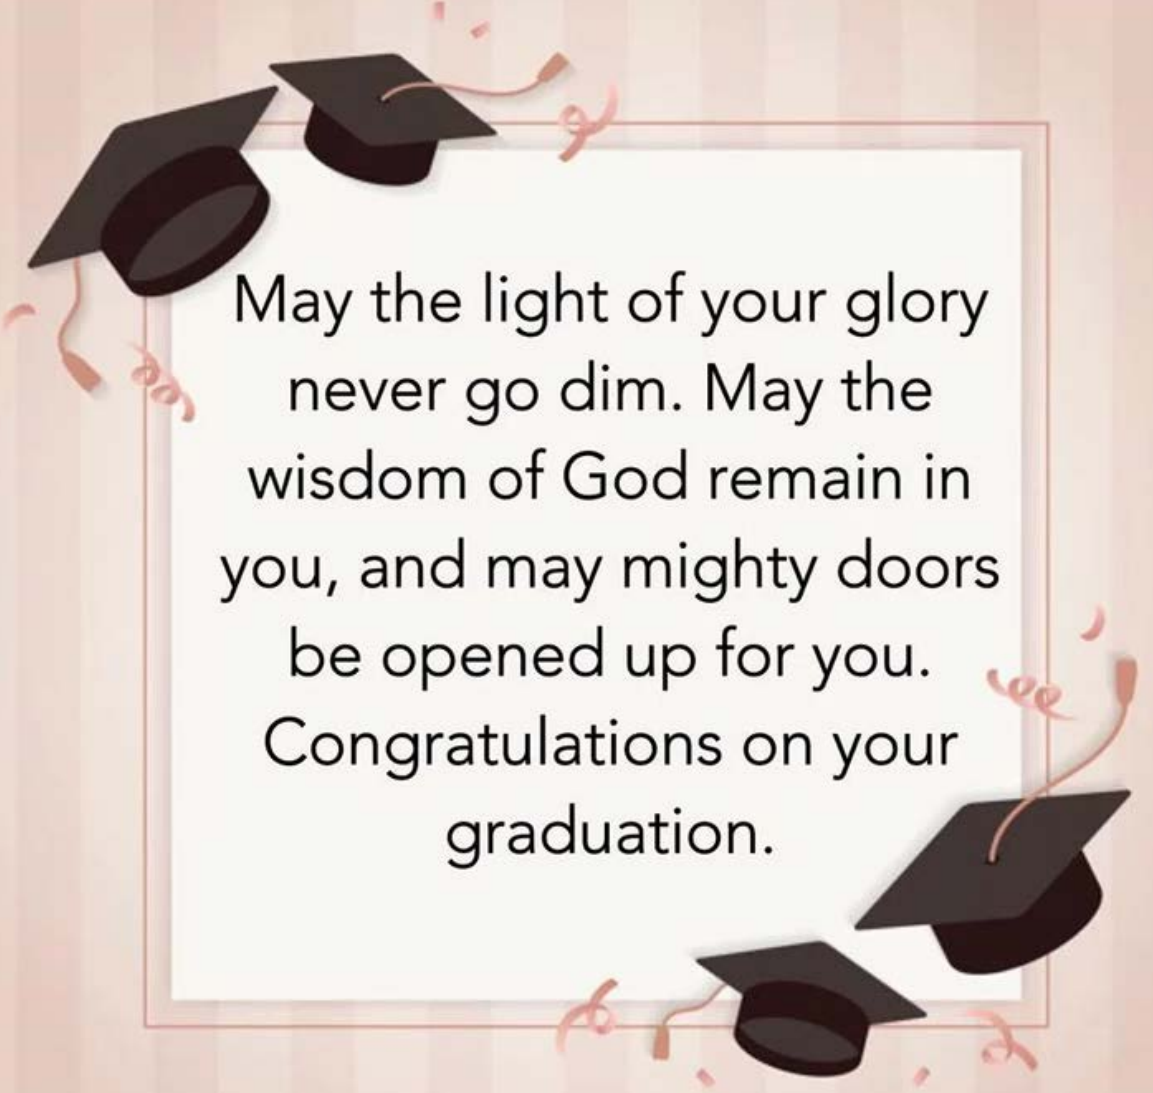

Never forget
how wildly
capable
you are.

The image features a central white rectangular box with a thin red border. Inside the box is a congratulatory message. Surrounding the box are four black graduation caps (mortarboards) and several strands of red and orange confetti, suggesting a celebratory theme.

May the light of your glory
never go dim. May the
wisdom of God remain in
you, and may mighty doors
be opened up for you.
Congratulations on your
graduation.

Remind yourself

ELEPHANT

SYMBOLISM

Stands for power, hardiness, dignity, wisdom, kindness, loyalty, and leadership

AS A SPIRIT ANIMAL

You are soft-spoken, responsible, caring, and highly ambitious

IN DREAMS

Advises you to believe in your inner strength to face any obstacles with great vigor

The Astrology Web
