

**SUPPORT**, Rentar Fuel Catalyst  
RENTAR ENVIRONMENTAL SOLUTIONS, INC.

## Public Notice: Unauthorized Activity by ROI Technology Group

TO WHOM SO EVER IT MAY CONCERN

We have discovered that ROI Technology Group is unlawfully distributing our patented RENTAR® Fuel Catalyst without authorization. Reports indicate that they are tampering with our products by removing original serial numbers and manufacturer labels, replacing them with labels such as "FUEL MAXX" and "CITC SOLUTIONS."

This unauthorized activity infringes on our rights, compromises the integrity of our product, and voids our manufacturer warranty. We are actively pursuing international legal action through the World Customs Organization (WCO) to address this issue.

If you come across products labeled "FUEL MAXX" or "CITC SOLUTIONS," or suspect product tampering, please contact us immediately at [info@rentar.com](mailto:info@rentar.com).

We are the sole authorized manufacturer of this product, produced exclusively in the USA, we appreciate your vigilance and continued support.

Respectfully,  
Rentar Environmental Solutions, Inc.
