

PCKLRAMA

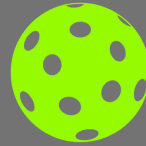

CORPORATE OPPORTUNITIES

Corporate sponsorship helps us expand our **community outreach** and give back through the sport of pickleball. With the support of corporate partners, we are able to grow the game within our community and offer inclusive programs, including adaptive pickleball for individuals with special needs. These programs promote physical activity, improve coordination and fitness, and create meaningful opportunities for social connection.

Corporate partners also provide valuable wellness opportunities for their employees. Through access to our pickleball club, employees can participate in open play, leagues, clinics, and social events that encourage an active lifestyle. Pickleball promotes **health, stress relief, teamwork, and social engagement**, making it a great way to build stronger, healthier workplace communities.
