

There's A Farmer in My Classroom

BRINGING AGRICULTURE TO LIFE

FARM IN FOCUS

Explore the diversity of agriculture from crops to livestock to specialty farms through virtual farm tours

THERE'S A COW IN MY CLASSROOM

A special unit where students explore what it means to be a beef farmer and how farmers care for their cattle to produce safe, high-quality beef

FARM LIVE!

Opportunities for students to interact with a real farmer and ask questions about farm life

THE BARN BULLETIN

Bi-weekly emails with ag-focused classroom resources: books, lessons, grants, and real-world insights from a farmer's perspective, helping teachers and students connect to how farming impacts us all

- Connects students to where their food comes from by building authentic relationships with the people who grow it

- Sparks curiosity and career interest in agriculture
- Supports teachers with ready-to-use content that can meet grade level standards

WHO THIS IS FOR

- Elementary classrooms (grades K-5)
- Homeschool groups and educational organizations
- Urban, suburban, and rural schools
