Dear District Landowner:

As part of the preparation to update the July 2026 through June 2027 Assessment Roll for the San Antonio Basin Water District, the District is requesting that all landowners please review the irrigated and non-irrigated acreage from the enclosed summary. If you have had or expect to have an **increase or decrease** in your irrigated acres, ownership and/or mailing address changes to your parcel, please submit the enclosed Data Change Request form by **March 31, 2026**. Forms are also available on the SABWD website listed below and may be returned via email or USPS.

For the Board to consider approving your request it must meet the requirements in the policy. Individuals who wish to receive meeting agendas by email may request to be added to our distribution list at admin@sanantoniobasinwd.org. Public engagement is highly valued, and we encourage all interested parties to attend, remain informed, and share their feedback.
