

Trevor S. Fuller

Create Design Unit, LLC – Principal, Designer

Throughout his career of twenty plus years, Trevor's invaluable experience working for MGM Resorts International has taught him how to effectively communicate in a corporate environment and achieve demanding project goals. He's been actively involved in all aspects of signage design and wayfinding from designer to project manager for premier resort properties and top industry architects and interior designers. Additional experience includes positions of Design Director and Account Executive for Young Electric Sign Co. (YESCO) and Vision Sign Inc.

Trevor's recent projects for Create Design Unit include the Park MGM, ARIA and MGM Grand Las Vegas convention expansions, BetMGM rollout, Resorts World Las Vegas parking garage, convention center and various venues and Chinook Winds Casino Resort.

Trevor received his Bachelor of Fine Arts dual degree in Industrial Design and Graphic Design from the University of Michigan in Ann Arbor. Through the University, he also studied drawing and art history in Florence, Italy.

Typical Design Approach and Experience:

- Project kick-off meeting
- Code research
- Conceptual sign design – interior and exterior
- Budgeting
- Branding
- Presentation to property executives
- Wayfinding – key sign types, programming, message schedules, location plans, ADA signage and regulations
- Creative signage design for custom venues, marquee signage and LED electronics
- Coordination of colors, materials and locations with project interior designers and architects
- Final design intent drawings for bidding and shop drawing development by sign contractor
- Sign program consulting, shop drawing and sample review
- Punch-list review and follow-up
